ESTABLISHED 1833 — THURSDAY, JUNE 26, 1890. — PRICE TWO CENTS

We keep store to supply our customers with what they want. We do not presume to instruct them as to what they ought to want.

There has never been till now a corset that fully answered the hardest wear which that much abused garment is put to.

The Kabo corset is "boned" with a new material, Kabo, that cannot be broken, or kinked, or shifted in wear.

The rest of the corset is made as durable as the Kabo; there are no metal eyelets to rust or to cut the corset laces, and the overlacing in the back never shows through thin or close-fitting waists.

If the Kabo breaks in a year's wear, we refund the money. If the loops eyelets pull out, we refund the money. The steels may break—there is nothing else in the corset to break.

You may wear the Kabo corset two or three weeks and return it if not satisfactory; money returned in full.

THE WORLD'S FAIR.

The Commissioners Meet at Chicago for the Purpose of Making Arrangements for the Event.

CHICAGO, June 26.—Lake Front as a world's fair site has been abandoned. So much opposition to the site developed that it was generally agreed among the directors to give it up. The members of the national commission have been invited to make a personal inspection of the various other sites that have been proposed.

At a meeting last night of the world's fair commissioners from certain western and southern states and New York, it was agreed to support C. M. Depew for president of the commission at to-day's meeting. M. H. DeYoung, of San Francisco was selected as candidate for first vice-president, and John T. Dickinson, of Texas, for secretary.

STARTING THE WORK.

CHICAGO, June 26.—The national movement in connection with the world's Columbian exposition was inaugurated to-day. From an early hour the rotundas and corridors of the principal hotels presented an appearance familiar to those who have participated in the national conventions of the great political parties. On every hand there were to be encountered men of national prominence in business life, in the political world and in the arenas of statesmanship and diplomacy. Many of them had trod the same ground within the last two years when the accredited delegates of the republican and democratic parties had gathered in this city to place their standard bearers in the field. The Grand Pacific hotel was the principal center of the world's fair delegates this morning, and by 10 o'clock its spacious rotunda was almost impassible. Each one of the states and territories were represented by two delegates and the ten delegates at large appointed by President Harrison had all put in an appearance by noon. At that hour the national commission was formally opened in the large club room of the Grand Pacific and the existence of the body became a matter of record.

A. T. Wing, one of the commissioners from Illinois, called the commission to order on behalf of the secretary of state. The Rev. Dr. M. Woolsley Stricker made the opening prayer and Mr. Charles H. Derree, also commissioner from Illinois, moved the election of Judge John T. Harris as temporary chairman. The commission as a whole will first be called upon to decide two matters—first the question of site, and second, the sufficiency of the fund. Although the local board of directors have already practically decided upon the lake front and have opened negotiations with the Illinois Central railway to joint action, it is not already certain that the national commission will endorse that action. As to the question of the sufficiency of the fund there will be no difference of opinion. If in the judgment of the national commission the amount subscribed or to be subscribed is not regarded as ample for all purposes the board of directors will guarantee to secure without delay as many millions more as may be necessary or desirable.

The probable officers of the national commission came in for a good deal of canvassing this morning. Ex-Senator Palmer, of Michigan, seems to be everybody's candidate for president. The New York delegates have publicly announced their intention of placing Mr. Depew in nomination, but in view of the great interests which require his undivided attention it is not thought probable for a moment that he would consent to occupy the position. For secretary, energetic efforts have been put forth on behalf of the Hon. Benj. W. Butterworth, and John T. Dickinson, of Texas, and it is though that the latter is in the lead. The meeting today is simply to comply with the statue and it does not follow that permanent organization must be effected at once. Under the law the commissioners can if they so determine, remain in continuous session until after the purposes of the fair shall have been accomplished.

From noon to-day, moreover, the state department has no control over the delegates. It has given effect to the law by the issuance of a proper notice of the meeting of the commission, and there its duty in the matter ends. All the arrangements have been completed for a banquet to be given to the 104 comrades at the Palmer house tonight. The affair will be an elaborate one and very select; the number of the guests being limited. Outside of those who have been permitted to pay $15 per plate for their participation, the only guests besides the comrades will be Chief Justice Fuller, Justice Harlan, Governor Fifer and Mayor Creiger. The toasts will be as follows: "The relation of the world's Columbian exposition to commerce," "Its relation to commerce," "Its relation to national unity," "Its relation to inter state unity," "Its relation to art and science," "Its relation to national resources," "Its relation to labor," "Its relation to our national growth," "Its relation to the press," "Its relation to literature and education." The speakers will include ex-Minister Palmer, Henry Exall, of Texas; Thomas A. McKenzie, Mark McDonald, of California; Charles H. Jones, of the St. Louis Republic, and ex-Governor Bullock, of Massachusetts.

WARM WEATHER GOSSIP.

Fort Wayne People Talk on a Variety of Subjects.

Cyrus Fike—I am for the home base ball club, and I want to see them win. Now, there is Bluffton on the down-hill road, with Anderson following the example, and it looks as if it will be between Marion and Fort Wayne for awhile. Who knows, though, what changes we may see yet.

Supt. McNutt on horses—Yes, the hot weather causes us to take extra precaution in the use of horses on the street car lines. For some days past we have had what is called hot weather, ranging from 88 to 93 degrees in the shade. You can bet that it is much hotter in the sun. This kind of weather we do not run one horse very long. Say, for instance on the belt line, the animal is given two trips a day or four times around the belt. We have in use for the average day, twenty-eight cars. Every horse when it starts on a trip has a large sponge attached to the bridle gear and this sponge is wet with cool water at intervals along the route.

Capt. Wallace Mungen—I hope both the Rifles and Zollinger Battery will be represented at the coming military encampment. Speaking of military affairs reminds me of the reception our companies received upon their return from Evansville two years ago. The Rifles won the first prize at Evansville for the best put-up light infantry drill, and the Zollingers came out first in one drill and second in another. The Zollingers left Evansville ahead of the Rifles and thus escaped a rain storm. We left on the Vandalia road. We decided to await the Rifles at Plymouth, Ind. We did so and both companies arrived in Fort Wayne to become the heroes of the grandest reception ever given. Capt. Weldon and others inspired the reception and Mike V. Walsh put down the first subscription.

Officer O'Ryan—You can set me down as opposed to "fakes" which come to our city, and by misrepresentation get honestly earned dollars. I speak particularly of snide shows.

Frank Gruber—I want somebody to settle my argument with Bob Drebblebiss. I argue that a buggy having smaller front wheels is easier on the horse than the one having four wheels of equal size.

COLLEGE GRADUATES.

Fatal Explosion.

ASHLEY, Mich., June 24.—The boiler in Frank Gardner's stave mill at North Star, near here, exploded yesterday killing Charles Brown, Fred Tucker, and the engineer, name unknown, whose head was completely blown off, and fatally injuring four others. The mill was totally destroyed.

COAL MINERS OUT.

Twelve Hundred Men on a Strike at Halifax—The Illinois Central Situation.

HALIFAX, N. S., June 26.—Twelve hundred miners are out on a strike at the Spring Hill collieries, the largest mine in Nova Scotia. The men object to the system of "docking" a whole box of coal for short measure or for stone. Everything at the colliery is at a standstill.

CHICAGO, June 26.—The decision to be given the strikers by General Superintendent Sullivan, of the Illinois Central, at 10 o'clock this morning has not yet been announced. The officials of the company and a committee of the strikers are now in conference but it is learned that the company is determined to fight to the end. As the strikers are equally determined it is not unlikely that before long the strike will spread all along the line. The railroad officials learned that the freight conductors were not able to support a strike, and propositions were made to them.

The conductors, it is said, have decided to return to work to-morrow whether the strikers approve of it or not. It is said that conductors and brakemen have been hired from other roads in the east and that the officials will not take back any of the old employes who have not already consented to return to work. The officials say they are determined to run the road without being dictated to by men, and another siege similar to the big "Q" strike is looked for.

The East St. Louis freight handlers' strike is still on and bids fair to last until to-morrow. This morning the Mobile and Ohio acceded to the men's demands for $1.50 per day, but refused to grant them extra money for over time. It is said that unless the strikers go to work to-morrow new men will be imported to fill their places.

BOSTON, June 26.—The building laborers will not accept the wages offered by the Masons' Builders' association, holding that the excavators as well as the hod men should have twenty-five cents an hour, instead of twenty-two cents, as offered. Of the 2,500 men who originally struck, there are to-day but 419 on a strike. Their officers assert that the others, whether excavators or hodcarriers, have obtained the twenty-five cents per hour demanded.

A REGULAR BATTLE.

A Mob Endeavors to Tar and Feather a Bad Young Man.

CAMERON, MO., June 26.—At 12 o'clock last Tuesday night a mob of forty men gathered twelve miles north of here and went to the farm house of Walt Squires for the purpose of tarring and feathering his son, Bud, aged twenty-one, who, it is alleged, had caused the ruin of a young lady in the neighborhood. The crowd and the mob responded. A regular battle ensued in which about fifty shots were fired. The elder Squires, aged sixty, received a wound in the abdomen, but it is not considered fatal. A young man of the attacking party named Will Noland was shot in the stomach and it is thought he will die. Intense excitement continues and another attack is expected.

FORT SMITH, Ark., June 26.—Claud McDaniel, prosecuting attorney of the Canadian district, Cherokee nation, shot and killed James Stubblefield, an intimate friend. Yesterday McDaniel and his wife quarreled and the woman went to Stubblefield's house. McDaniel followed and urged her to return home. Stubblefield tried to act as peacemaker, when McDaniel shot him twice.

COLUMBIA, S. C., June 26.—There is trouble between the races near Bamberg, Barnwell county. On Saturday some negroes went fishing in a boat owned by a white man, after they had been ordered not to use it. When the negroes returned they were set upon by the whites and beaten. In the fight a white man was severely injured. On Tuesday night Robert Kears and a number of friends went to the house of a negro who appeared to be the leader of the party. The negroes were in ambush near the house and fired on the whites, wounding eight of them, none dangerously. The negroes then fled. It is feared there will more trouble over the matter.

PUGILISTS FINED.

Muldoon, Cleary and Donovan Plead Guilty—Kilrain Wants to Fight.

PURVIS, Miss., June 26.—Pugilists Muldoon, Cleary and Donovan all pleaded guilty yesterday to the indictments found against them. Muldoon was fined $250, Cleary $100, and Donovan $100. Kilrain paid half of Donovan's fine, while Muldoon footed the bill for Cleary. Kilrain announces his intention to challenge Sullivan to fight him to a finish at Fort Worth for the purse offered by the Fort Worth athletic club.

Long Sentence.

NEW BEDFORD, Mass., June 26.—Wm. Allison was yesterday sentenced to state's prison for seventeen years for burglary in the house of Charles H. Gardiner, at Swansea. The burglar bound and gagged Mr. and Mrs. Gardiner, but secured only a few dollars.

WAR ON A P. M.

White Springs, Fla., Citizens Make it Warm for a Postmaster—Debate on the Election Bill.

WASHINGTON, June 26.—The postmaster general has been compelled to send a guard of men to White Springs, Fla., to protect the postmaster there—C. L. Morrison. Some time ago Morrison was appointed to succeed O. K. Paxton, a "hold-over" from the Cleveland administration. Morrison appears to have been very unpopular and a systematic boycott was immediately instituted by the inhabitants of the town who mailed and received their letters through a small postoffice a few miles distant. Not satisfied with this Morrison's enemies concocted a conspiracy to annoy him as much as possible. They succeeded in getting an ignorant white man named Lewis to believe that he had been appointed a detective.

A fraudulent warrant calling for Morrison's arrest was given to Lewis, who, with the assistance of a man named Morgan, arrested Morrison, bound him with ropes and took him to Lake City, thirty miles away. The fraudulent character of the arrest was discovered by the citizens of Lake City, and Lewis and Morgan were compelled to release Morrison, after which they themselves were locked up in jail. Lewis, discovering the fraud which had been perpetrated on him, turned state's evidence, and upon his testimony, Morgan, ex-Postmaster Paxton, Principal Shipworth, of the Florida state normal school, Assistant Principal Guilliam, and a Mr. Cohen, said to be the richest man in Hamilton county, were arrested.

Morgan was sentenced to pay a fine of $1,000, and the others were placed under heavy bond. Morrison's life was threatened again by some of the conspirators with the result that the department has determined to protect the postmaster with an armed guard.

WASHINGTON, June 26.—The house to-day passed the following bills: House bill, with senate amendments, authorizing the construction of a bridge across the Mississippi river at Winona, Minn.; house bill granting fifteen days leave to clerks in first and second-class post offices; granting certain lots to school district No. 7, in the township of Dearborn, Wayne county, Mich., for school purposes; to construct a bridge across the Mississippi river at Hastings, Mich.

Debate was then begun on the national election bill. Mr. Lodge said the subject was grave and demanded serious and deliberate treatment. He had no personalities or reflections to make, but desired to treat the question disspassionately. The proposed bill extended the laws regarding the election of members so that they would be effective throughout the United States whenever the people wanted them so extended. He said that no local machinery was to be disturbed and that the ballots were to be cast as at present and no secret ballots system was to be interferred with where it now prevailed. Everything that concerned the government should be open.

MAINE PROHIBITIONISTS.

Resolutions Adopted Favoring State and National Prohibition.

PORTLAND, Maine, June 26.—The resolutions adopted by the state prohibition convention yesterday demand state and national prohibition, and declare the third party necessary to secure it; that the democratic and republican parties each contain a liquor element sufficient to prevent any thorough enforcement of prohibitory laws by these parties and their declarations on the subject are therefore meaningless. The governor and council are criticised for the vacicitating policy in reference to petitions for the appointment of special liquor constables in Penobscot and other counties. The Australian ballot system and the Women's Christian Temperance union are approved, and female suffrage is declared to be only justice. Considerable objection was made to the last, but it was finally adopted.

ST. PAUL, Minn., June 26.—The state prohibition convention yesterday nominated the following ticket: Governor, J. P. Pinkham, of Minneapolis; lieutenant governor, J. O. Barret, of Brown's Valley; secretary of state, H. S. Lilleber, of Wilmar; state treasurer, N. R. Frost, of St. Paul; state auditor, Ole Kron, of Evansville; attorney general, Robert Taylor, of Kasson; clerk of the supreme court, W. E. Dean, of Cottonwood.

Historian Dying.

NEWPORT, R. I., June 26.—Grein Bancroft, the venerable historian, is very feeble and no one outside of the family is allowed to see him. It is feared that he will not recover.

CARMI, Ill., June 26.—Ex-Congressman John M. Crebs died yesterday morning at 10 o'clock after a short illness.

Eliza Hill Arrested.

QUEENSTOWN, June 26.—Eliza Hill, of Chicago, a passenger on the Guion line steamer, Arizona, from New York, was arrested here this morning for concealing in her valise two packages of amunition and a loaded seven chambered revolver. After being taken before a magistrate she was remanded to jail for further information.

BATTLE IN MEXICO.

A Lively Fight in Which Several are Badly Wounded.

SAN ANTONIO, June 26.—Two parties have made a marauding expedition against Mexico, one above and the other below Laredo. The one above were so hotly pursued on United States soil by United States troops sent from Fort McIntosh that they crossed over into Mexico before they intended to, and fell into the hands of the Mexican cavalry. In the short fight which ensued Santiago Sandoval, one of the leaders, and several of the flibusterers were wounded.

Soon after the capture another of the leaders was summarily shot, and it is reported that on Wednesday evening, after a brief military trial, the other members of the party were taken to a ravine back of Neuva Laredo and shot by their captors. The second expedition crossed to Guerro, twenty-five miles below Laredo, where they robbed the custom house and several stores. During their attack on the town one of their leaders was killed, and shortly afterward the majority of the band was captured but what was done with them is a mystery. The Mexican authorities are studiously silent. All of the invaders were Mexican citizens, their object being plunder.

COMMITTED SUICIDE

Through Fear of Connection in a Criminal Matter.

BUFFALO, N. Y., June 26.—A Niagara Falls special to the Express says Dr. W. C. Woolsen committed suicide yesterday afternoon at the home of his parents, on Niagara street, by cutting his throat with a razor. For several years he was a telegraph operator and at one time had quite a prominent position in Buffalo. Dr. Woolsen was for a time in Dr. Baker's office, and since the latter's arrest on a charge of criminal abortion in connection with the Minnie Ellis case, Woolsen has brooded over the matter, fearing that he would be summoned as a witness in a case of which he knew nothing. He was thirty-seven years old and leaves a widow and four children.

IN FLAMES.

Big Mountain Fires in Colorado—Distillery Burned.

DENVER, June 26.—A great portion of the Sangre de Christo range in Colorado and New Mexico is in flames. The valleys and passes are obscured by smoke from the burning mountains. The fire extends over twenty miles up and down the Santa Fe range.

PEORIA, Ill., June 26.—The famous rye distillery of Clark & Co., the only one in this city which is not controlled or operated by the whisky trust, was partly destroyed by fire last evening. The fire originated in the meal room. The loss will be about $10,000.

STRIKING CARPENTERS

Driven to a Settlement by Destitution—Lost $30,000 by the Strike.

DENVER, Colo., June 26.—After an idleness of eight weeks the striking carpenters and wood workers returned to work yesterday morning on the terms of the mill men unconditionally. The strikers lost over $30.000 and were driven to a settlement by destitution.

Investigating.

LIVERPOOL, June 26.—The inquiry into the recent accident to the Anchor line steamship, City of Rome, at Fasnet rock, was concluded to-day. The judgment rendered is that the casuality was due to the failure of Captain Young to attend to the warnings conveyed by the legal soundings. No action was taken with regard to the captain's sailing certificate.

Prince Bismarck.

BERLIN, June 26.—Prince Bismarck will establish at Schonhaussen a museum which will be made up from the numerous gifts which have from time to time been presented to the ex-chancellor. A portrait of the present emperor will occupy the place of honor.

Very Hot.

DES MOINES, Iowa, June 26.—The mercury has reached above 100 degrees on each of the past four days and reports of excessively high temperature come from all parts of the state. Cases of sun stroke are numerous and several deaths are reported.

Guilty of Embezzlement.

NEW ORLEANS, June 26.—Treasurer Hemmingway, of Mississippi, was found guilty of embezzlement by the jury this morning. Counsel for defendant at once issued for time to file a motion in a rest of judgment, which was granted.

His Fourth Term.

COLUMBUS, Ohio, June 26.—The democratic congressional convention of the Ninth district met here this morning and re-nominated Congressman Outhwaite for his fourth term by acclamation.

Denver's Population.

DENVER, June 26.—It is stated unofficially by the supervisor of census that the population of Denver is about 120-000.

The Weather.

WASHINGTON, June 26.—Indiana—Fair, slightly warmer; variable winds, becoming southerly.

Go with the Caledonians next Friday to Rome City and enjoy the moonlight on the lake. 24-3t

IN THE COURTS!

The News as The Sentinel Reporter Finds it About the Court House and the J. of P. Offices.

In the superior court to-day the case of Richard G. Kerlin vs. the Chester Pipe & Tube company was dismissed. The suit was on an account for $750.

The suit of Lyman Lockwood, administrator, vs. Wm. B. Muhn and Rachel J. Muhn was set for trial July 1 in the superior court.

Paul F. Kuhne to-day reported to the superior court the deed of eighty acres in Jackson township to Theodore G. Seemeyer. The case was a suit to quiet title by correcting defects in some former deeds.

Justice France to-day fined Ferdinand Lorent $1 and costs for provoking John Berry.

George Krudop is on trial this afternoon before Justice Hays for throwing a stone through a window of Butcher Rich, just missing the shoulder of Mrs. Rich. George is a young man and son of Mrs. Krudop, who was tried in a justice's court a few weeks ago for tearing boards off one of her tenant's houses. The four pretty daughters of Mr. Rich testified concerning the assault. The Krudops reside on West Jefferson street and the Richs are their near neighbors.

The seven gamblers, namely, Fred Meyers and six others, with fictitious cognomens, who were pulled from 104 Calhoun street, at 1:30 this morning, were fined $10 and costs each this morning, $19.50 apiece in all. They all paid the assessment through Joe J. Jenkinson, who appeared for Meyers. The gamblers themselves were not present. They are all young men who work in town as bookkeepers and clerks for prominent firms. Capt. Wilkinson says he will break up all the poker games now running in this city. He knows where each and every gaming room in this city is located. More pulls will follow in rapid succession. Why not pull gambling houses in the day time as well as at night? Gambling is carried on in the day time in several places in this city on Calhoun street.

Leslie H. Nogal's suit against Lucien P. Stapleford has been sent on a change of venue from Justice France to Justice Wilkinson.

A suit was filed against Thomas Gurnett in Justice Wilkinson's court yesterday afternoon, charging him with provoking William David. Gurnett has paid several fines lately.

The case of Peter Kallen vs. Charles Aufrecht was up before Judge Chapin yesterday afternoon. The action is an receivership for a churn patent of which Kallen is the inventor, and Aufrecht financier. Zollars & Schadden for the plaintiff and H. C. Hartman for the defendant.

The divorce case of Laura Racine vs. Aime Racine has been dismissed from the superior court at the cost of the defendant. The matter has been compromised and the parties are living harmoniously together again.

THE DAVIDSON CASE.

The Jury Deliberate Five Hours Before Arriving at a Verdict—Motion for a New Trial.

THE SENTINEL has already given the verdict of the jury in the Davidson murder case, which has been on trial at Columbia City for the last ten days. Concerning the scenes in the court room on the last day of the trial and the details of the jury's deliberation in arriving at a verdict, the Press of this morning has the following:

The trial of Thomas Davidson, jr., for the murder of his uncle is ended. The peculiarities of his case attracted widespread interest. The brutal manner in which the murder was committed; the chain of circumstances that encircled the prisoner with guilt; the conduct of young Davidson at the time of the crime; his attitude prior to and during the trial were all matters of the keenest interest and excited to a high pitch the sense of justice that is born in every human being. The verdict of the jury was awaited with eagerness and anticipation, which was manifest on the faces of the spectators more than on the stone like countenance of the accused. Young Davidson sat with unchanged expression and was only seen to give evidence of anxiety when a slight unusual noise in the direction of the jury room gave a false announcement of their coming.

It was 2 o'clock before the sheriff announced that the jury was ready to report. A death-like stillness came over the court room as the jurors filed slowly in and took their seats in the box. The court received the verdict and read it. As the word "guilty" was pronounced every eye was turned upon Davidson, but he sat firm and not a feature quivered. Then came the punishment to be prescribed, and the court read "imprisonment for life." A noticeable sigh escaped the crowd of spectators when the reading of the verdict was concluded. The counsel for the defense immediately gave notice of a motion for a new trial, and the court fixed July 8 as the date on which it will be heard. Unless the motion prevails and the verdict is set aside, sentence will be passed on Davidson at that time.

The jury retired at 9 o'clock yesterday morning, and on the first ballot every juror voted "guilty." The second ballot was also unanimous for first degree. The matter of fixing the penalty, however, developed a difference of opinion. Nine of the jurors voted for life imprisonment and three wanted the murderer to hang. This division was maintained four hours and a half before the three voters for death yielded to the majority and agreed to a life sentence.

THE Fourth of July is now but one week away.

THE Illinois Republican state convention yesterday nominated Franz Amberg for state treasurer.

THE new law provides that a board of local election commissioners shall be appointed in each county at least thirty days prior to election day, the board to consult the county clerk and two other persons to be nominated by the committee chairmen of the two dominant political parties.

THE coming Pythian conclave to be held at Milwaukee from July 7 to 12 will be the most interesting and attractive ever held by the order. Each day will contain features of a special character to interest the Knights and public generally. Prizes amounting to $6,600 will be awarded during the five days. Fort Wayne will be represented.

THE Journal editor is in a box. He ought to go and rub his head against a brick wall. He made charges against us and then, when we defied him to produce proof, sneaks beind the cover and says: "Won't you produce it for us." You can't get the proof. That's what's the matter with you, Mr. Journal. To use an old, but familiar saying: "You ought to crawl in your hole and pull your hole in after you." You have failed, and failed utterly, in your attack upon us and ought to apologize.

H. W. CRABB, the big wine grower of California, has written to the World's Fair Association at Chicago for the privilege of playing a fountain of pure, native, sparkling wine. Mr. Crabb wants to hurl a perpetual shower of clear and ruddy wines fifty feet high and keep the bacchanal juice flowing through-out the period of the fair. He will also change the variety every week. Mr. Crabb's ability to keep a wine fountain running is attested by the fact that he produces 1,000,000 gallons every year from his vineyard at Oakville, Napa valley.

THE Louisiana Lottery company has succeeded in purchasing enough votes in the lower house of the Louisiana legislature to have passed the iniquitous Morris lottery bill. It was a desperate struggle, but money won the day. All attempts to reach a middle ground upon the pro lottery and anti-lottery factions to meet and adjust their differences having utterly failed, the lottery leaders determined to push their bill to a vote and win or lose all. The efforts put out to secure the required number of votes were well nigh superhuman. Finally the necessary sixty-six votes were named, but a number rebelled, and an amendment was adopted giving any individual or corporation the right to secure a lottery charter, provided they could effect the passage of a constitutional amendment upon the payment of not less than $1,000,000 per annum. Most of the members filed written explanations of their votes. The call resulted, yeas sixty-six; nays twenty-nine. Absent three and the bill was finally passed. The bill will go to the senate Thursday and will be pushed through that body with all possible speed.

Reports from Officers and Committees Submitted--Other Important Business.

REPORT OF COMMITTEE ON SEWERS.

We, the committee on sewers, submit the following report:

1. We have awarded the contract to John McCann to construct a twelve-inch sewer in the first alley west of Hanna street between Creighton avenue and Taber street.

2. In favor of the petition of W. S. Bash and others for a sewer on Rockhill street. We recommend that said sewer be constructed as follows: A five-foot double ring brick sewer from the St. Mary's river to Rockhill street, thence south on Rockhill street to Wilt street, thence west on Wilt street to College street, thence south on College street to the Pittsburg railway.

3. In favor of the petition of O. P. Parker for a sewer on Duryea street providing that said Parker pays the expense of the same and constructs said sewer to the satisfaction of the city civil engineer.

4. In the matter of the petition of Louis Bender, asking to right the drain into a sewer in the alley between John street and Gay street, your committee report adverse because it is a private sewer and the council cannot grant him the right to drain into said sewer.

5. Adverse to the petition of Volney Parks and others for a sewer in the alley between Wayne street and Washington street from Grant avenue to Walton avenue for the reason that part of said alley is so low that a sewer cannot be constructed thereon.

6. In favor of the resolution of Councilman Meyer for a sand pit the on east side of Clay street at the alley between Holman street and Hough street.

7. In favor of the resolution of Councilman Gordon to construct a sewer in the alley between Pontiac street and Lieth street from the first alley west of Lafayette street to Lafayette street.

LOUIS HAZZARD,
VAL OFENLOCH.

The motion of Councilman Hazzard to concur in the report was amended by Ely to lay section 2 on the table, which amendment was lost and the report was then concurred in.

REPORT OF COMMITTEE ON STREETS AND CIVIL ENGINEER.

We, your committee on streets and civil engineer, respectfully report on the petitions referred to us:

1. We have appointed William Bryant inspector on East Washington street, from Calhoun to Hanna street.

2. Also recommend the appointment of Edward Seidel as inspector for East Main street.

3. Also A. J. Langohr to be inspector on Broadway.

4. George Jacoby we recommend to be inspector on Hanna street, from the railroad to DeWald street.

5. And Diedrich Meyer as inspector on Hanna street, from the railroad to Wayne street.

6. In favor of petition of William Pettit and others asking to have William Byrant appointed inspector on DeWald street, from Broadway to Fairfield avenue.

7. Conrad Piepenbrink is recommended as inspector on Wallace street, but your committee ask to report next meeting on his recommendation.

REPORT OF SPECIAL COMMITTEE.

We your special committee appointed to hear objections to proposed street improvements, in accordance with notice of which due publication was had, met at the council chambers in the city hall on Monday evening, the 23d of June, 1890. There was a remonstrance referred to the committee by the property owners along Lafayette street, between Wallace and Murray streets, and after considering the petition we recommend that the prayers of this petition be granted and said street not be improved, and there was no other objections offered in reference to the improvements of other streets.

REPORT OF COMMITTEE ON STREETS AND CITY ATTORNEY.

We your committee on streets and city attorney to whom was referred the petition of Mr. Phillip Luley relating to damages sustained by reason of injuries incurred in the lawful use of East Main street, we report that before recommending compromise we consulted with petitioners who declared that the sum demanded was for injuries sustained by himself and the boy, Peter Earnce. With this understanding, that the settlement is in full for both the injured parties, we recommend that the offer be accepted. And that upon the said Phillip Luley and Peter Earnce, sr., the father of the boy, receipting in full for any and all the damages sustained by them or either of them on account of the condition of East Main street, that the city clerk draw an order in favor of Phillip Luley Peter Earnce, sr., jointly for the sum of one hundred dollars.

REPORT OF COMMITTEE ON WATER WORKS AND CITY ATTORNEY.

We, your committee on water works and city attorney, to whom was referred the communication of the water works trustees and the accompanying report of the expert engineer who made the test; none of your committee are engineers, much less expert ones; we have not the knowledge to authorize any criticism if any were necessary. The contract for the engine, the changes therein, the selection of the expert to make the test, and the test itself were all done under the authority and by the direction of the board of trustees, who were selected by the people. They are careful public officials, who have undoubtedly discharged their full duty, and as the report of the expert meets with their approval, it meets with ours. We do, therefore, now recommend that said engine be accepted by the city.

REPORT OF COMMITTEE ON EDUCATION AND CITY ATTORNEY.

We, your committee on education and city attorney, to whom was referred the comunication and request of the school trustees asking for the levy of a special tuition tax of eight cents on the $100 and a poll tax for like purpose of 25 cents per capita, respectfully report:

That we entered upon the consideration of the request with the greatest care and with a determination to refuse the request if such refusal would in no manner threaten or endanger the thorough efficiency of the schools.

We believe that if this committee recommended a course that would shorten the school year, cut down the wages of poorly paid teachers, deny further education to any now enrolled or deny entrance to new scholars, it would misrepresent the public wish and do an irreparable injury thereby.

At the beginning of the school year, Sept. 1, 1887, cash on hand for tuition purposes was $93,000.

Sept. 1, 1888, for like purpose, was $73,411.
Sept. 1, 1889, for like purpose, was $50,390.
Sept. 1, 1890. will be, as estimated, $30,000.
Sept. 1, 1891, $11,000.

This last named sum, augmented by the January and June school money distributions, would; based upon the recepts of '87, '88, '89 and '90, be many thousand dollars short of the sum necessary to run the schools in even their present cramped condition. It would then be too late to talk of the levy, for the tax is only collected in the April and November of the year next after the levy.

The danger to be apprehended is with the school year beginning Sept. 1, 1891, and to meet the deficiency of that year we are of the opinion that an actual necessity exists for the immediate ordering of the levy asked. It has been suggested that the surplus that has been gradually accumulated in the special school fund be asked. To do this means to abandon the necessary additions to school houses as required by the greatly over-crowded school houses in the other wards, and thereby denying the benefits of free public schools to the children of our mechanics and laboring men, who appreciate most highly their benefits.

We therefore recommend that the resolution of the board of school trustees, which was adopted by said board May 6, 1890, and communicated to this council on the 10th day of June, 1890, be and the same is hereby ratified affirmed and adopted by the adoption of the resolution reported by the committee herewith.

H. P. VORDERMARK,
GEO. W. ELY,
P. J. SCHEID,
Committee.
HENRY COLERICK,
City Attorney.

Whereas, the board of school trustees duly passed a resolution asking and requiring the common council of the city of Fort Wayne to order a special levy for tuition of eight cents on $100 valuation and a poll tax of twenty five cents per capita for the purpose of operating and maintaining the free public schools of said city, and,

Whereas, the common council's committee on education have reported in favor of such levy and which report has been concurred in. Therefore, be it

Resolved, That the common council of the city of Fort Wayne does hereby levy a special tax for tuition purposes for the free public schools of said city the sum of eight cents on each $100 valuation of the total taxable within the limits of said city and the sum of twenty-five cents per capita upon each able-bodied adult liable to taxation in the limits of said city.

H. P. VORDERMARK.

The motion of Councilman Boltz to refer the above report and resolution back to the committee was amended by Michael to refer back to the committee to furnish the proper data.

REPORT OF COMMITTEE ON BRIDGES.

We, your committee on bridges, herewith report contract and bond with Charles Boseker for the repair of the Clinton street bridge in accordance with his bid, he being the lowest and best bidder for the doing of said work, and the bid being reasonable. We recommend that the contract and bond be approved.

REPORT OF CITY TREASURER.

I respectfully report that I have received a city order of the series B, dated March 2, 1874, and herewith attached, for which I request a duplicate order of the present series, so that the proper charges can be made, etc.

C. J. SOSENHEIMER,
City Treasurer.

Concurred in and warrant ordered drawn.

REPORT OF CITY TREASURER.

I respectfully report that I have collected one hundred dollars ($100) as benefits assessed in the vacating of two (2) feet of Lafayette street, from Holman street to the P., F. W. & C. right of way.

C. J. SOSENHEIMER,
City Treasurer.

REPORT OF CITY TREASURER.

I respectfully report that I have apportioned from the first installment collected, $19,688.52 for water works purposes; also, that according to the resolution adopted by your honorable body January 28th, 1890, I have deducted $12,273.07 from this apportionment, and there now remains in the treasury to the credit of this fund, $7,415.45, for which amount I ask your disposition, so that the proper transfers can be made to the water works records.

C. J. SOSENHEIMER,
City Treasurer.

Referred to the committee on finance.

REPORT OF CITY ATTORNEY.

I respectfully report to you as follows:

1. The case of Hayden vs. city to prevent any further use by the city of Gay street is fixed in the circuit court for trial June 26, 1890. I make this report so that property owners to be affected thereby may be aware of the time of its trial.

2. I have received a communication from Supt. C. D. Law, of Pennsylvania company, notifying me that he now has a diagram of the proposed viaduct with an estimate of its cost as contemplated by many reports of this council on Lafayette street over the many railroad tracks crossing said street. As the question is one of deep importance to the citizens of the First, Second, Seventh, Eighth and Tenth wards as well as the public generally I communicated the facts.

HENRY COLERICK,
City Attorney.

Referred to the committee on public grounds and buildings, committee on finance, city attorney and city civil engineer.

REPORT OF CITY ASSESSOR.

I respectfully report that I will have the assessors' books completed the 14th day of July 1890, and will then be ready to meet the board of equalization.

Ex-City Civil Engineer.

Referred to the committee on finance and city attorney.

REPORT OF CITY CIVIL ENGINEER.

I hereby submit my report of the work on West Jefferson street, from the west line of Calhoun street to the east line of Broadway.

1. The work from Ewing street to the east line of Broadway has been completed since I have had charge of same and has been completed according to the plans and specifications on file in my office.

2. That portion of the work between Ewing street and the West line of Calhoun was completed under the supervision of the former engineer.

REPORT OF CITY CIVIL ENGINEER.

I would respectfully report that I have appointed Eremont Hill assistant city civil engineer.

O. B. WILEY,
City Civil Engineer.

Concurred in and appointment confirmed.

REPORT OF CHIEF OF FIRE DEPARTMENT.

I hereby respectfully report that I have appointed Fred Reinking as horseman in place of August Lannon, resigned June 21, 1890.

HENRY HILBRECHT,
Chief of Fire Department.

Concurred in and appointment confirmed.

REPORT OF STREET COMMISSIONER.

1. In the matter of the resolution of Councilman Ely instructing me to rebuild a sand pit on the southeast corner of Griffith and Main streets, would respectfully report that I have examined the place and find a 3½ foot sewer in the gutter at that point, with an open catch basin over said sewer to receive the surface water, consequently no sand pit can be constructed thereon, except the old gutter sewer would be turned into the main Griffith street sewer, south of said point.

2. I would most earnestly recommend to your honorable body that the city would purchase a street sweeper, as the growth of the city makes it a difficult matter to keep the streets clean without the use of a street sweeper.

D. O'BRIEN,
Street Commissioner.

RESOLUTIONS AND ESTIMATES.

Resolved, That the city civil engineer be and he is hereby instructed to prepare a final estimate in favor of Jacob B. Pierson for grading McCulloch street, from Summit street to Hayden street.

H. P. VORDERMARK.

Adopted and estimate referred to the committee on streets.

Whereas, The city civil engineer has reported to the common council that the Talbot Paving company has fully completed and fulfilled its contract for grading and paving with cedar blocks Harrison street, from the west line of Calhoun street to the east line of Broadway, and

Whereas, The common council has approved said report of the city civil engineer and found that said improvement has been made and completed according to the terms of the contract therefor made, now in order that a final estimate thereof may be made, be it

Resolved, That the city civil engineer be required to report to the common council the following facts:

1. The total cost of said improvement.
2. The average cost per running foot of the whole length of that part of the street so improved.
3. The name of each property owner on that part of the street so improved.
4. The number of front feet owned by the respective property owners on that part of said street so improved.
5. The amount of such cost for improvement due upon each lot or parcel of ground bordering on said street. which amount shall be ascertained and fixed by multiplying the average cost per running foot by the number of running front feet on the several lots or parcels of ground respectively.
6. The full description, together with the owner's name, of each lot or parcel of ground bordering on said part of said street so improved.

GEO. W. ELY.

Adopted.

REPORT OF CIVIL ENGINEER.

1. I would respectfully report that the total cost of the improvement of Jefferson street, from Calhoun street to Broadway, made under contract with the Talbot Paving company and recently completed by said company is $10,484.14.
2. That the average cost per running foot of said street as improved is $1.9994.
3. You will find hereto attached a list of the names of each property owner on that part of said street so improved.
4. Also so attached the number of front feet owned by the respective property owners on that part of said street so improved.
5. Also attached the amount of such cost for improvement due upon each lot or parcel of ground bordering on said street, I would further report that there is due from the city of Fort Wayne for the cost and expense of so much of said improvement of said street as is occupied by the crossings of streets and alleys the sum of $1,944.19, leaving a balance to be assessed against property owners as aforesaid of $8,539.95.

O. B. WILEY,
City Civil Engineer.

Concurred in and the estimate referred to the committee on streets.

Resolved, That the city clerk give two weeks notice in the Fort Wayne Daily Journal and the Fort Wayne Daily Gazette that on the 18th day of July, 1890, at 7:30 o'clock p. m., at the council chambers of the city of Fort Wayne, that a special committee of said council, appointed for the purpose of giving a hearing on the reports of the city civil engineer, heretofore ordered, for the purpose of making final estimates of the total costs of the improvement of Jefferson street, from Calhoun street to Broadway, made and completed by the Talbot paving company, and at said time and place said special committee will hear all objections and complaints as to either or both of said reports and accord a hearing thereon.

J. L. GRUBER.

Adopted.

Be it resolved by the common council of the city of Fort Wayne, (two-thirds of all the members thereof concurring) that Erie street from Harmer street to Canal street be graded to a width of thirty-six (36) feet, and be it further

Resolved, (this council hereby declaring such improvement necessary) that the costs and expenses thereof, including services of inspector and advertising except so much as is occupied by the crossings of streets and alleys be assessed against, and collected from the owners of lots and land abutting on said improvements according to the provisions of chapter 118, of the acts of the general assembly of the state of Indiana, approved March 8, 1889, and all other laws supplemental thereto, and that said improvement shall be made under the supervision and to the satisfaction of the city civil engineer and the common council, and in accordance with the plans and specifications on file at the office of said engineer; and be it further

Resolved, That the city civil engineer set the proper stakes, and advertise for three weeks in the Fort Wayne Daily Journal that sealed proposals will be received by this council, at a meeting to be held on the — day of ——, 18—, for the execution of said work.

H. P. VORDERMARK.

Which resolution was on motion adopted by the following vote:

Ayes, 19, viz: Councilmen Boltz, Cody, Cran, Dalman, Delagrange, Gruber, Gordon, Hazzard, Hilbrecht, Huser, Hilgemann, Meyer, Meyer jr., Michael, Ofenloch, Scheffer, Scheid, Smith and Vordermark. Nays, 1, viz: Ely.

Be it resolved by the common council of the city of Fort Wayne, (two-thirds of all the members thereof concurring), that Wabash avenue, from the Maumee road to Wayne street, be graded to a width of thirty (30) feet, and be it further

Resolved, (this council hereby declaring such improvement necessary) that the costs and expenses thereof, including services of inspector, and advertising except so much as is occupied by the crossings of streets and alleys, be assessed against and collected from the owners of lots and lands abutting on said improvement according to the provisions of chapter 118 of the acts of the general assembly of the state of Indiana, approved March 8th, 1889, and all other laws supplemental thereto, and that said improvement shall be made under the supervision and to the satisfaction of the city civil engineer and the common council and in accordance with the plans and specifications on file at the office of said engineer; and be it further

Resolved, That the city civil engineer set the proper stakes and advertise for three weeks in the Fort Wayne Daily Journal that sealed proposals will be received by this council, at a meeting to be held on the —— day of ——, 1890, for the execution of said work.

ROME CITY.

Gossip About Fort Wayne People at That Resort.

The Rome City correspondent of the Kendallville News has this gossip about well known Fort Wayne people:

Rev. Fuller has received a call from south of Fort Wayne and will move there at once.

Theodore Lane is at home visiting his family a few days, before returning to his work in Fort Wayne.

W. P. Denny, of Fort Wayne, formerly a Noble county boy, Sundayed over with his father and James Luke.

C. M. Comparet, of Fort Wayne, was here booming the candidacy of H. C. Berghoff, of Fort Wayne, for State treasurer. Noble county will be for Berghoff.

M. V. B. Spencer, Esq., a prominent lawyer of Fort Wayne, was in our city last Saturday on legal business. Mrs. J. Scott, of the same city accompanied him.

Frank Stone, a very nice young man of Fort Wayne, arrived last Saturday and is stopping at the Sylvan Lake house. On the morning after his arrival a young Miss sought him out, handing him a sweet scented tinted note requesting his presence across the lake. Frank readily acceded to the request and spent the day in company with a fine looking young lady. Girls, come, come; no such place on earth.

Will A. Glatte has sold his beautiful cottage, situated in Sylvan lake on an island, to John C. Peters, of Fort Wayne, including furniture and steamboat. Consideration for land alone, $1,000. The cottage is situated on one of the most desirable locations on Sylvan lake. It is entirely surrounded by water. Mr. P. is certainly lucky in getting control of this property, for no other such location can be found in northern Indiana.

THE FAT CONTRIBUTOR.

His Humorous Lecture at the Temple To-morrow Night.

A. Miner Griswold, who edits the Texas Siftings and whose humorous contributions to the press over the nom de plume of the "Fat Contributor," have achieved for their author a wide-spread reputation, will deliver his famous lecture, "Round the World," at the Masonic Temple to-morrow night. The writer of this has heard Mr. Griswold and can promise those who attend the lecture to-morrow night a rich literary treat. His lectures are humorous, keep one laughing constantly and are illustrated with over one hundred beautiful and striking pictures and humorous cartoons. It is the last of the E. F. Biddle's entertainments.

A LATH FAMINE.

Builders Handicapped by a Scarcity of Material.

A lath famine is unusual, but the present scarcity of this material shows that contracting builders are at present delayed by such a cause. A contractor said last evening that he had houses that had not been touched for two weeks because there were no lath to be secured. Shipments are beginning to come in and in the course of a few days a sufficient supply will have arrived to permit a continuance of work where a stoppage from this cause was necessary.

In the case of the state vs. Adam Hirsch, the supreme court of Indiana has rendered the following decision: "Section 2,098, R. S., provides that it shall be unlawful to sell, barter or give away intoxicating liquor, to be drunk as a beverage * * "Upon the day of any election in the township, town or city where the same may be holden." Held, that under this statue it is a crime for a licensed vender to sell intoxicating liquor in a less quantity than a quart at a time on the day of a primary election held by a political party to nominate candidates to be voted for at a general election. Judge Elliott's dissent is based upon the omission of the word "primary." He holds that the courts cannot supply the word, and that in its absence the statute refers to ordinary elections, that is, elections held under the law, and for the choice of officers."

"Why, now I cannot get enough to eat," says one lady who formerly had no appetite, but took Hood's Sarsaparilla.

If a corset is perfect in other respects and has the usual metal eyelets, the laces will break at the most annoying times; for the eyelets cut them.

There is a better eyelet; made of loops of corset lace; soft eyelet we call it. It costs no more, is neater, more such as a woman would make for herself, besides the convenience of not wearing out or cutting the laces.

The Ball and Kabo corsets are eyeleted with it.

You can get these corsets and wear them two or three weeks; and, if you do not like them, return them. The makers pay the merchants to sell them so.

Habitual Costiveness

causes derangement of the entire system, and begets diseases that are hazardous to life. Persons of costive habit are subject to Headache, Defective Memory, Gloomy Forebodings, Nervousness, Fevers, Drowsiness, Irritable Temper and other symptoms, which unfits the sufferer for business or agreeable associations. Regular habit of body alone can correct these evils, and nothing succeeds so well in achieving this condition as Tutt's Pills. By their use not only is the system renovated, but in consequence of the harmonious changes thus created, there pervades a feeling of satisfaction; the mental faculties perform their functions with vivacity, and there is an exhilaration of mind and body, and perfect heart's ease that bespeaks the full enjoyment of health.

T. Martin, E. Banks, W. O. McClure, and Jno. McDorman, of the Pittsburg blacksmith shop, are off duty to-day.

J. R. Albi, B. McGinnis, G. Fitzhugh and G. Stuhlmueller, have accepted positions as laborers at the east Pittsburg shops.

The boys in the Pittsburg machine shop have an exact picture of J. H. Nolan, jr., trying to catch the Q. & O. club's excursion train last Sunday.

The I. O. O. F. from along the line of the Grand Rapids road, gave an excursion to Rome City this morning. Their was fourteen coaches loaded with excursionists.

E. Kimmel had the first finger of his right hand badly mashed yesterday at the east Pittsburg shops. He was holding a bar that was being hammered with a sledge when it accidentally slipped from his hands with the result stated.

W. H. Axt, of the east Pittsburg shops, had the second finger of his left hand mashed yesterday by being hit with a sledge. He was holding a bolt that was being driven into place by a sledge, when the sledge happened to slip striking that member.

Al. Throckmorton, of the Pittsburg blacksmith shop, is off duty on account of an attack of rheumatism.

Bert Olds, foreman in the spoke department of the American Wheel works, had his finger injured yesterday while setting a spoke lathe.

Charles DeRome has resumed his position in the Pittsburg machine shop after a few days absence. He won three very fine medals at the Athletics' field day sports.

Patrick Kelley, of the Pittsburg blacksmith shop, was badly injured by being hit with a piece of iron this morning. He was working on a machine in the shop, when a piece of iron, fourteen inches long, was thrown from the machine and struck him on the forehead, cutting a very deep gash and also injuring his nose. He will be off duty several days.

The passenger conductors on the Pennsylvania lines west of Pittsburg are disgruntled over a new order which has been issued. In years past they have been required to give a personal bond for a certain amount for honesty, etc., but under the new order of things they are required to give a bond in the Guarantee company of North America, which involves an expense that in giving a personal bond they would not be troubled with. What is more irritating is the fact that in the directory of the guarantee company appear the names of T. D. Messler and others of the directors of the Pennsylvania company.

James Woodworth, of the Pittsburg boiler shop, had quite an exciting experience with a runaway horse last evening. A short time ago he received as a present, a Texas pony which had never been under harness and was noted for the number of times it could kick in a minute. He has been trying faithfully for several weeks to break this noted piece of horse flesh, but last night it got the best of him. He had just stopped at the barn to unhitch him, when the young pony got a spell and started, throwing him out of the buggy. He was not badly injured but badly scared. The pony got loose from the buggy and run down Calhoun street and was caught near the court house.

TO DENOUNCE WHEATON.

The Indianapolis News says: "Members of the Order of Railroad Conductors are secretive about the object of the special meeting of the order, called in this city for to-morrow afternoon at 2 o'clock. The supposition is that the meeting is called to consider, among other things, the split in the order which has created quite a sensation in the East. The split is over the strike question. C. S. Wheaton, who was retired as Grand Chief Conductor at the recent Rochester convention, and other members of the order who opposed the striking out of the clause prohibiting strikes, have seceded and started an opposition order in New York. Several divisions have left the parent organization and gone with Wheaton.

"Here in Indianapolis Wheaton is denounced as an ingrate. It is said of him that he received his bread and butter from the order for eighteen years—was paid an annual salary of $5,000—and that when he found he could no longer rule the order he concluded to ruin it.

"Meetings of divisions have been called for all over the country, it is supposed, for the purpose of denouncing Wheaton's attempt to wreck the order, and to take steps that will hasten the federation of all railway employes' organizations, so long desired.

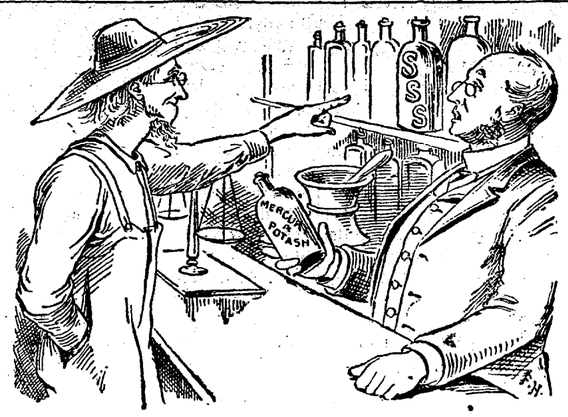

"The meeting to-morrow may also consider the grievances of some of the Big Four conductors. The grievance committee will be here and some action of importance may be taken."

"No, sir—I don't want any of the imitations or substitutes, or any of the old worn out Mercury and Potash mixtures. Give me the genuine (S. S. S.) Swift's Specific. I know it is entirely vegetable, and that it cures by forcing the poison out of the system."

This old gentleman is on the right line. Do not be imposed on by dealers who, for the sake of a few cents more profit, would sell you some imitation or substitute, which may not only be worthless as a remedy, but absolutely dangerous to your health. There is only one Swift's Specific (S. S. S.) and there is nothing like it.

S. S. S. cured Him.

A few years ago I was troubled with a malignant breaking out all over my left leg below the knee. I tried everything I saw advertised for impure blood, and blood poison, but nothing gave me relief until (without any faith, I must admit.) I commenced taking Swift's Specific—S. S. S. Two and a half bottles effected a complete and permanent cure, for I have not had a symptom of a return of the disease since. WILL C. BEATY, Lancaster, S. C., Jan. 26, 1890.

Dead in the Lake.

MIDDLETON, N. H., June 25.—The body of the man found floating on Cromwell's Lake on Sunday was yesterday identified as that of William L. Evers, of New York, a well known writer on sporting topics, and who is said to have been at one time on the staff of the Turf, Field and Farm. He was fifty-five years of age. It is believed that he committed suicide while temporarily insane. He leaves a widow and several children.

The Hill Farm Horror.

DUNBAR, Pa., June 25.—The rescuing party passed the line of the Hill Farm mine early this morning. The men are now digging in soft coal and are making rapid progress. The distance yet to be tunneled is not definitely known. It may be 200 feet and it may be 800 feet. That developments are expected very soon, however, is apparent from the nature of the preparations in progress.

A Warden's Brutality.

LITTLE ROCK, Ark., June 25.—Thomas Kellar, warden of the state penitentiary, whipped James Fitzgerald, a convict at Gracie Camp in Jefferson county, so severely Monday that he died of his injuries. Kellar escaped. Four hundred dollars has been offered by the governor for Kellar's arrest.

Badly Wrecked.

WHITE RIVER JUNCTION, Vt., June 25.—Two loaded freight trains on the Passupic division of the Boston and Maine railroad, collided two miles from here, near Olcott, early this morning. The engine and cars were badly wrecked and traffic was delayed several hours.

Nominated for Congress.

MANSFIELD, Ohio, June 25.—Michael D. Harter, (democrat) of this city, received the nomination for congress in the fifteenth Ohio district this morning on the 153rd ballot.

What Does it Mean?

"100 Doses One Dollar" means simply that Hood's Sarsaparilla is the most economical medicine to buy, because it gives more for the money than any other preparation. Each bottle contains 100 doses and will average to last a month, while other preparations taken according to directions, are gone in a week. Therefore, be sure to get Hood's Sarsaparilla, the best blood purifier.

Left for Europe.

ST. LOUIS, Mo., June 25.—Mrs. Rose W. Fanning, Miss Sallie A. Pritchett and Miss Madge Frederick, the three lady teachers who were chosen to go to Europe in the Post Dispatch contest which closed a couple of weeks ago, left the Union depot this morning.

For the cure of the inflammation and congestion called "a cold in the head" there is more potency in Ely's Cream Balm than in anything else it is possible to describe. This preparation has for years past been making a brilliant success as a remedy for cold in the head, catarrh and hay fever. Used in the initial stages of these complaints Cream Balm prevents any serious development of the symptoms, while almost numberless cases are on record of radical cures of chronic catarrh, after all other modes of treatment have failed.

Killed at Goshen.

GOSHEN, Ills., June 25.—Mrs. Henry Harvey, of Constantine, Mich., shot and killed her husband Monday night while he was asleep. The domestic life of the Harveys, who had been married six years, has been very unhappy.

When Baby was sick, we gave her Castoria,
When she was a Child, she cried for Castoria,
When she became Miss, she clung to Castoria,
When she had Children, she gave them Castoria.

Louisiana Lottery.

BATON ROUGE, La., June 25.—The caucus conference committee on the lottery question were unable to reach any agreement last night and will report the whole matter back to the caucuses.

A MARVELOUS PREMIUM.

THE MUTUAL LIFE INSURANCE COMPANY, OF NEW YORK, SECURES IT.

Nearly $600,000 Paid by Members of one Family for Insurance in the Mutual.—The Most Stupendous Transaction Known in the History of Insurance.—"It has Never Been Done Before; It Never Will Be Done Again."

—E. C. POTTER & CO.—

No. 799. New York, Dec. 24, 1889.

BANK OF NEW YORK.
National Bankers Association.

Pay to the order of L. C. HOPKINS, Genl Executive Agent

Five hundred and Seventy Eight Thousand, Three Hundred and Forty Five ——— LARS.

$578,345 00/100 — 29 DEC 28 1889. — CERTIFIED. Payable through New York Clearing House, N. B. A. — E. C. POTTER & CO.

The above check was received by the Mutual Life Ins. Co. of New York, for Insurance effected upon the lives of five members of the illustrious Havemeyer family of the City of New York. The Policies selected were the 10 year guarantee contracts of the Mutual Life's with the annuity feature added. Each policy was for the sum of $100,000 and the insured chose to make but one payment, thus commuting the cost. The insurance covered by the above mentioned premium payment of $578,345.00 was upon the lives of Mr. Theo. A. Havemeyer, the well known Merchant of this City, and Four members of his family. Mr. Theo. Havemeyer, is the Austrian Counsel General and a Gentleman of wide influence and of great business sagacity. Mr. E. C. Potter, whose signature is appended to the check, is the son-in-law of Mr. Havemeyer, and is one of the most prominent of bankers and brokers operating upon the stock exchange. There are two significant points for consideration in connection with this Insurance.

First, that the Messrs Havemeyer seeking a profitable and safe investment of a vast fund, selected Life Insurance as offering more advantages and greater security than any other form of investment. Second That they had such faith in the management and stability of the Mutual Life Insurance company of New York, that they willingly entrusted to its care nearly $600,000 in cash without any security whatever, and only the PROMISE of the company to pay.

The particulars of the life insurance contracted for by the family of Mr. Theo. A. Havemeyer, with the MUTUAL LIFE INSURANCE COMPANY, by which that institution received a single premium payment of $578,345.00, will excite wonderment and surprise in the world of underwriting, and set the general public to thinking of the possibilities of life insurance as an investment.

The idea of a party with six hundred thousand dollars of spare cash on hand, putting it all into life insurance.

Why didn't they build houses or purchase stocks, or do a dozen other things with it? Life insurance for an investment! That's all very well, some people think, if you must do it. But here are five members of one family engaged in merchantile pursuits, fully alive to the value of every financial scheme of importance in this or any other country, who after examining every tempting investment, came to the conclusion that the safest, most profitable and altogether desirable one, is that offered by the MUTUAL LIFE.

Then think of the fact that all this money, far exceeding half a million dollars, is placed in the hands of the company without other security than its promise to pay. If that is'nt an evidence of confidence, what could be?

IT'S THE LARGEST, STRONGEST AND BEST LIFE INSURANCE COMPANY IN THE WORLD. Its assets are thirty millions greater than those of any other American Life Insurance company. Over eighty millions greater than those of any life office in Great Britain, and sixty millions greater than the entire funds of the bank of England, which is the largest banking institution in the world.

The Mutual Life Issues Every Desirable Form of Policy.

Suburban gardeners say they will be on the market next week with new potatoes for sale. The season for green peas is about over. On account of the high temperature that has prevailed throughout June, watermelons are two weeks nearer maturity than they are usually at this time of the year. This is great weather for corn, but it was so badly drowned out in the early part of the season that it will be only a two-thirds crop.

A hot day fable: "Four hundred people drank out of my leaking tin cup to-day up to noon," said the city pump on market square." "Oh, that's a small business," said the sulphur-water pump of Allen county. "I run four rusty dippers and two clean ones, and fourteen hundred people imbibed of my waters before 11 a. m. Besides, four dogs cooled themselves by lying on the wet fountain floor. My waters are a laxative medicine and I'm the most public and popular well in this part of Indiana." Moral: Water is the only liquid that quenches thirst.

Concerning Mr. George W. Ewing and his intended bride, the Cincinnati Commercial-Gazette has this to say: "Engagement number two is that of Miss Bettie Sherley and Mr. George Ewing, of Fort Wayne, Ind. Miss Sherley is a Louisville girl by birth, but a Cincinnatian by adoption, having spent much of the time since her debut here under the chaperonage of Mrs. T. W. Zimmerman, a near relative. She is a beauty of the dazzling southern type, and has been a belle par excellence since she left off pinafores. One of those girls who reign by divine right, she has had a very large number of captives tied to the wheels of her chariot. Mr. Ewing, (a cousin, by the way, of Mrs. Will Webb, nee Thurston)—is the only son of his mother, and inherited a large estate from his father, who died when he was a mere boy. All the world loves a lover, and Mr. Ewing's wooing has been such an earnest and well-conducted siege that everybody wishes him joy of his pretty captive."

Randall and wife to Henry Gelland, the east half of lot 47, in Brandriff & Ayres' addition, $1,200; William Scott, administrator of estate of James Simonton, to Catherine Simonton, the undivided two-thirds of the east one-half of the south-west quarter of section 29, township of Lafayette, and also 6 30-100 acres off the east side of the west one-half of the same quarter section, $2,659.

TIRED OF LIFE.

Ed Hedges, a Laborer, Makes Unsuccessful Attempts at Suicide.

Mr. Ed Hedges, a laborer on the new paving work, resides at 40 Chicago street. He has been on the rough edge of misfortune lately and last night tried to end his life by putting his head on the railroad track. He was frustrated but at a later hour he was trying to throw himself in front of a moving train. He was taken home by friends, and Officer George Lee was notified to watch the house and prevent the man's escape for fear he might carry out his designs. Hedges has had a hard time to struggle against the diversities of life, which weighs heavily on his mind. Last Sunday he accompanied the Q. & O. excursion to Maxinkuckee where it is said he spent the earnings that should have gone to his family. Since then he has been laboring under temporary hallucinations.

The Second Presbyterian Church will go to Rome City Tuesday, July 1. A good time assured. Everybody go.

ORATORICAL CONTEST.

The Pierson Prize at the Fort Wayne College Won by Mr. S. A. Shoemaker.

The oratorical contest, for the purpose of determining who should be awarded the Pierson prize of $25 in gold, took place last evening in the hall of the Fort Wayne M. E. college. There was quite a large audience present and the exercises were of an interesting character. There were to have been four contestants, but Mr. George Weeks, one of them, was prevented from participating by reason of sickness. Dr. Stemen, the president of the college, presided and introduced the speakers,

Mr. Ernest Bierman was the first speaker. His subject was, "Christianity a Factor in Civilization." It was well prepared and delivered by the young gentleman in a forcible and interesting manner.

"Science and Religious Thought" was the theme chosen by the next contestant, Mr. Louis N. Anderson. The oration was an excellent one as far as thought and preparation was concerned, but the speaker labored under the difficulty of not having committed it to memory and this made the delivery of it very hard to him.

The third and last speaker was Mr. Samuel A. Shoemaker. He spoke on the subject, "Are We Free?" and he had hardly launched upon his theme before he had caught the favor of the audience and when he closed, "He will get the prize," was whispered by many in the ear of his neighbor, and such proved to be the case. Mr. Shoemaker is a pleasant, easy speaker and his theme, dealing with the great evils of the day, was a popular one and won him the plaudits of the audience.

The judges were the Rev. Mr. Wagenhals, the Rev. Dr. George, of New York, and the Rev. C. L. Clipinger, of Glasgow, Ind. In ten minutes the judges found that Mr. Shoemaker was the champion orator and to him, Rev. A. E. Mahin, in an appropriate speech, awarded the prize, which is an annual gift to the best orator in the college by Dr. Piersson, of Philadelphia.

During the exercises last evening, Prof. W. F. Heath rendered two beautiful selections on the piano.

THREE IN A ROW.

Elkhart Beaten Three Straight Games—Ball Notes.

The Fort Wayne base ball club returns to Fort Wayne with a great record, having won seven of the nine games played. The last game of the trip was the postponed one at Elkhart yesterday afternoon. Elkhart lost it by a score of 4 to 1. Bruton and Ferris were the Fort Wayne battery. Only five hits were made off Bruton. The score was as follows:

											R.	H.	E.

DAVID B. WAID.

Death of an Esteemed Citizen of Zanesville.

At Zanesville, in this county, occured the death of David B. Waid, aged 60 years and seven days. He was born in Augusta county, Virginia, June 14, 1830. With his parents he moved to Wells county, Ind., in 1834. On March 10, 1853, he was married to Philla A. Peck, by whom he had seven children, three of which survive him. The daughter, Mrs. Sappington is the wife of a prosperous farmer living a few miles from Zanesville and one son, also a farmer, lives on his fathers farm; while his other son, J. M. Waid, is a merchant of Zanesville. Mr. Waid was a man of more than ordinary force of character. By strict attention to business, and by economy he had amassed quite a fortune. A good, kind neighbor and friend, he had the respect of all, as was attested by the large attendance at the funeral. He was a member of the M. E. church, and one of the order of F. A. M. At the time of his death he was postmaster at that place. He is enshrined in the hearts of his acquaintances as a good man, and his loss is regretted by all. The funeral sermon was preached by Rev. Bridge, of Ossian. Revs. Wood, of Zanesville, and White, of Sheldon, assisting in the services.

The general officers of the passenger department of the Pennsylvania lines west of Pittsburg have been notified that they must cut down the expenses of this department. In years past all other departments, when an economical spell came over the management, have been asked to cut down expenses, but the passenger department has been given no trouble on this score; consequently, it is hard to tell where to apply the pruning knife.

A Nervy Doctor.

A celebrated Russian physician, Doctor Botkin, who has just died in the south of France, proved the uncertain state of him who hangs on princes' favor. During a dangerous illness of the present Czar the doctor remained at his bedside day and night. On the patient's recovery he asked the physician to choose his own reward.

"Your majesty, I want nothing for myself," said Botkin, "but I beseech you to have mercy on poor Tchernichevsky"—the socialist who had been banished to Siberia.

The Czar turned away without a word; but, although the next day the daring physician received a large sum of money and the order of St. Vladimir, the royal friendship was withdrawn and the exile remained where he was.

Journalism in Hungary.

Journalistic criticism is a dangerous calling in Hungary. An article which appeared recently in a journal at Klauseuburg gave so much offence that it led to no fewer than thirteen duels. The editor of the paper fought four duels, in one of which he killed his opponent; the author of the obnoxious article passed safely through three encounters and the sub-editor took the lion's share with six combats.

AT a recent trial in Farmington, Me., a quick-witted reply was given by a witness at the close of a tedious cross-questioning. "Now tell how many sheep you ever saw—under oath, now, remember." "I never saw a sheep under oath," replied the witness, which closed the cross-examination.

There has never been till now a corset that fully answered the hardest wear which that much abused garment is put to.

The Kabo corset is "boned" with a new material, Kabo, that cannot be broken, or kinked, or shifted in wear.

The rest of the corset is made as durable as the Kabo; there are no metal eyelets to rust or to cut the corset laces, and the overlacing in the back never shows through thin or close-fitting waists.

If the Kabo breaks in a year's wear, we refund the money. If the loops eyelets pull out, we refund the money. The steels may break—there is nothing else in the corset to break.

You may wear the Kabo corset two or three weeks and return it if not satisfactory; money returned in full.

ESTABLISHED 1833 THURSDAY, JUNE 26, 1890. PRICE TWO CENTS

THE WORLD'S FAIR.

The Commissioners Meet at Chicago for the Purpose of Making Arrangements for the Event.

CHICAGO, June 26.—Lake Front as a world's fair site has been abandoned. So much opposition to the site developed that it was generally agreed among the directors to give it up. The members of the national commission have been invited to make a personal inspection of the various other sites that have been proposed.

At a meeting last night of the world's fair commissioners from certain western and southern states and New York, it was agreed to support C. M. Depew for president of the commission at to-day's meeting. M. H. DeYoung, of San Francisco was selected as candidate for first vice-president, and John T. Dickinson, of Texas, for secretary.

STARTING THE WORK.

CHICAGO, June 26.—The national movement in connection with the world's Columbian exposition was inaugurated to-day. From an early hour the rotundas and corridors of the principal hotels presented an appearance familiar to those who have participated in the national conventions of the great political parties. On every hand there were to be encountered men of national prominence in business life, in the political world and in the arenas of statesmanship and diplomacy. Many of them had trod the same ground within the last two years when the accredited delegates of the republican and democratic parties had gathered in this city to place their standard bearers in the field. The Grand Pacific hotel was the principal center of the world's fair delegates this morning, and by 10 o'clock its spacious rotunda was almost impassible. Each one of the states and territories were represented by two delegates and the ten delegates at large appointed by President Harrison had all put in an appearance by noon. At that hour the national commission was formally opened in the large club room of the Grand Pacific and the existence of the body became a matter of record.

A. T. Wing, one of the commissioners from Illinois, called the commission to order on behalf of the secretary of state. The Rev. Dr. M. Woolsley Stricker made the opening prayer and Mr. Charles H. Derree, also commissioner from Illinois, moved the election of Judge John T. Harris as temporary chairman. The commission as a whole will first be called upon to decide two matters—first the question of site, and second, the sufficiency of the fund. Although the local board of directors have already practically decided upon the lake front and have opened negotiations with the Illinois Central railway to joint action, it is not already certain that the national commission will endorse that action. As to the question of the sufficiency of the fund there will be no difference of opinion. If in the judgment of the national commission the amount subscribed or to be subscribed is not regarded as ample for all purposes the board of directors will guarantee to secure without delay as many millions more as may be necessary or desirable.

The probable officers of the national commission came in for a good deal of canvassing this morning. Ex-Senator Palmer, of Michigan, seems to be everybody's candidate for president. The New York delegates have publicly announced their intention of placing Mr. Depew in nomination, but in view of the great interests which require his undivided attention it is not thought probable for a moment that he would consent to occupy the position. For secretary, energetic efforts have been put forth on behalf of the Hon. Benj. W. Butterworth, and John T. Dickinson, of Texas, and it is though that the latter is in the lead. The meeting today is simply to comply with the statue and it does not follow that permanent organization must be effected at once. Under the law the commissioners can if they so determine, remain in continuous session until after the purposes of the fair shall have been accomplished.

From noon to-day, moreover, the state department has no control over the delegates. It has given effect to the law by the issuance of a proper notice of the meeting of the commission, and there its duty in the matter ends. All the arrangements have been completed for a banquet to be given to the 104 comrades at the Palmer house tonight. The affair will be an elaborate one and very select; the number of the guests being limited. Outside of those who have been permitted to pay $15 per plate for their participation, the only guests besides the comrades will be Chief Justice Fuller, Justice Harlan, Governor Fifer and Mayor Creiger. The toasts will be as follows: "The relation of the world's Columbian exposition to commerce," "Its relation to commerce," "Its relation to national unity," "Its relation to inter state unity," "Its relation to art and science," "Its relation to national resources," "Its relation to labor," "Its relation to our national growth," "Its relation to the press," "Its relation to literature and education." The speakers will include ex-Minister Palmer, Henry Exall, of Texas; Thomas A. McKenzie, Mark McDonald, of California; Charles H. Jones, of the St. Louis Republic, and ex-Governor Bullock, of Massachusetts.

WARM WEATHER GOSSIP.

Fort Wayne People Talk on a Variety of Subjects.

Cyrus Fike—I am for the home base ball club, and I want to see them win. Now, there is Bluffton on the down-hill road, with Anderson following the example, and it looks as if it will be between Marion and Fort Wayne for awhile. Who knows, though, what changes we may see yet.

Supt. McNutt on horses—Yes, the hot weather causes us to take extra precaution in the use of horses on the street car lines. For some days past we have had what is called hot weather, ranging from 88 to 93 degrees in the shade. You can bet that it is much hotter in the sun. This kind of weather we do not run one horse very long. Say, for instance on the belt line, the animal is given two trips a day or four times around the belt. We have in use for the average day, twenty-eight cars. Every horse when it starts on a trip has a large sponge attached to the bridle gear and this sponge is wet with cool water at intervals along the route.

Capt. Wallace Mungen—I hope both the Rifles and Zollinger Battery will be represented at the coming military encampment. Speaking of military affairs reminds me of the reception our companies received upon their return from Evansville two years ago. The Rifles won the first prize at Evansville for the best put-up light infantry drill, and the Zollingers came out first in one drill and second in another. The Zollingers left Evansville ahead of the Rifles and thus escaped a rain storm. We left on the Vandalia road. We decided to await the Rifles at Plymouth, Ind. We did so and both companies arrived in Fort Wayne to become the heroes of the grandest reception ever given. Capt. Weldon and others inspired the reception and Mike V. Walsh put down the first subscription.

Officer O'Ryan—You can set me down as opposed to "fakes" which come to our city, and by misrepresentation get honestly earned dollars. I speak particularly of snide shows.

Frank Gruber—I want somebody to settle my argument with Bob Drobblebiss. I argue that a buggy having smaller front wheels is easier on the horse than the one having four wheels of equal size.

Fatal Explosion.

ASHLEY, Mich., June 24.—The boiler in Frank Gardner's stave mill at North Star, near here, exploded yesterday killing Charles Brown, Fred Tucker, and the engineer, name unknown, whose head was completely blown off, and fatally injuring four others. The mill was totally destroyed.

COAL MINERS OUT.

Twelve Hundred Men on a Strike at Halifax—The Illinois Central Situation.

HALIFAX, N. S., June 26.—Twelve hundred miners are out on a strike at the Spring Hill collieries, the largest mine in Nova Scotia. The men object to the system of "docking" a whole box of coal for short measure or for stone. Everything at the colliery is at a standstill.

CHICAGO, June 26.—The decision to be given the strikers by General Superintendent Sullivan, of the Illinois Central, at 10 o'clock this morning has not yet been announced. The officials of the company and a committee of the strikers are now in conference but it is learned that the company is determined to fight to the end. As the strikers are equally determined it is not unlikely that before long the strike will spread all along the line. The railroad officials learned that the freight conductors were not able to support a strike, and propositions were made to them.

The conductors, it is said, have decided to return to work to-morrow whether the strikers approve of it or not. It is said that conductors and brakemen have been hired from other roads in the east and that the officials will not take back any of the old employes who have not already consented to return to work. The officials say they are determined to run the road without being dictated to by men, and another siege similar to the big "Q" strike is looked for.

The East St. Louis freight handlers' strike is still on and bids fair to last until to-morrow. This morning the Mobile and Ohio acceded to the men's demands for $1.50 per day, but refused to grant them extra money for over time. It is said that unless the strikers go to work to-morrow new men will be imported to fill their places.

BOSTON, June 26.—The building laborers will not accept the wages offered by the Masons Builders' association, holding that the excavators as well as the hod men should have twenty-five cents an hour, instead of twenty-two cents, as offered. Of the 2,500 men who originally struck, there are to-day but 419 on a strike. Their officers assert that the others, whether excavators or hodcarriers, have obtained the twenty-five cents per hour demanded.

A REGULAR BATTLE.

A Mob Endeavors to Tar and Feather a Bad Young Man.

CAMERON, Mo., June 26.—At 12 o'clock last Tuesday night a mob of forty men gathered twelve miles north of here and went to the farm house of Walt Squires for the purpose of tarring and feathering his son, Bud, aged twenty-one, who, it is alleged, had caused the ruin of a young lady in the neighborhood. The crowd and the mob responded. A regular battle ensued in which about fifty shots were fired. The elder Squires, aged sixty, received a wound in the abdomen, but it is not considered fatal. A young man of the attacking party named Will Noland was shot in the stomach and it is thought he will die. Intense excitement continues and another attack is expected.

FORT SMITH, Ark., June 26.—Claud McDaniel, prosecuting attorney of the Canadian district, Cherokee nation, shot and killed James Stubblefield, an intimate friend. Yesterday McDaniel and his wife quarreled and the woman went to Stubblefield's house. McDaniel followed and urged her to return home. Stubblefield tried to act as peacemaker, when McDaniel shot him twice.

COLUMBIA, S. C., June 26.—There is trouble between the races near Bamberg, Barnwell county. On Saturday some negroes went fishing in a boat owned by a white man, after they had been ordered not to use it. When the negroes returned they were set upon by the whites and beaten. In the fight a white man was severely injured. On Tuesday night Robert Kears and a number of friends went to the house of a negro who appeared to be the leader of the party. The negroes were in ambush near the house and fired on the whites, wounding eight of them, none dangerously. The negroes then fled. It is feared there will more trouble over the matter.

PUGILISTS FINED.

Muldoon, Cleary and Donovan Plead Guilty—Kilrain Wants to Fight.

PURVIS, Miss., June 26.—Pugilists Muldoon, Cleary and Donovan all pleaded guilty yesterday to the indictments found against them. Muldoon was fined $250, Cleary $100, and Donovan $100. Kilrain paid half of Donovan's fine, while Muldoon footed the bill for Cleary. Kilrain announces his intention to challenge Sullivan to fight him to a finish at Fort Worth for the purse offered by the Fort Worth athletic club.

Long Sentence.

NEW BEDFORD, Mass., June 26.—Wm. Allison was yesterday sentenced to state's prison for seventeen years for burglary in the house of Charles H. Gardiner, at Swansea. The burglar bound and gagged Mr. and Mrs. Gardiner, but secured only a few dollars.

WAR ON A P. M.

White Springs, Fla., Citizens Make it Warm for a Postmaster—Debate on the Election Bill.

WASHINGTON, June 26.—The postmaster general has been compelled to send a guard of men to White Springs, Fla., to protect the postmaster there—C. L. Morrison. Some time ago Morrison was appointed to succeed O. K. Paxton, a "hold-over" from the Cleveland administration. Morrison appears to have been very unpopular and a systematic boycott was immediately instituted by the inhabitants of the town who mailed and received their letters through a small postoffice a few miles distant. Not satisfied with this Morrison's enemies concocted a conspiracy to annoy him as much as possible. They succeeded in getting an ignorant white man named Lewis to believe that he had been appointed a detective.

A fraudulent warrant calling for Morrison's arrest was given to Lewis, who, with the assistance of a man named Morgan, arrested Morrison, bound him with ropes and took him to Lake City, thirty miles away. The fraudulent character of the arrest was discovered by the citizens of Lake City, and Lewis and Morgan were compelled to release Morrison, after which they themselves were locked up in jail. Lewis, discovering the fraud which had been perpetrated on him, turned state's evidence, and upon his testimony, Morgan, ex-Postmaster Paxton, Principal Shipworth, of the Florida state normal school, Assistant Principal Guilliam, and a Mr. Cohen, said to be the richest man in Hamilton county, were arrested.

Morgan was sentenced to pay a fine of $1,000, and the others were placed under heavy bond. Morrison's life was threatened again by some of the conspirators with the result that the department has determined to protect the postmaster with an armed guard.

WASHINGTON, June 26.—The house to-day passed the following bills: House bill, with senate amendments, authorizing the construction of a bridge across the Mississippi river at Winona, Minn.; house bill granting fifteen days leave to clerks in first and second-class post offices; granting certain lots to school district No. 7, in the township of Dearborn, Wayne county, Mich., for school purposes; to construct a bridge across the Mississippi river at Hastings, Mich.

Debate was then begun on the national election bill. Mr. Lodge said the subject was grave and demanded serious and deliberate treatment. He had no personalities or reflections to make, but desired to treat the question dispassionately. The proposed bill extended the laws regarding the election of members so that they would be effective throughout the United States whenever the people wanted them so extended. He said that no local machinery was to be disturbed and that the ballots were to be cast as at present and no secret ballots system was to be interferred with where it now prevailed. Everything that concerned the government should be open.

MAINE PROHIBITIONISTS.

Resolutions Adopted Favoring State and National Prohibition.

PORTLAND, Maine, June 26.—The resolutions adopted by the state prohibition convention yesterday demand state and national prohibition, and declare the third party necessary to secure it; that the democratic and republican parties each contain a liquor element sufficient to prevent any thorough enforcement of prohibitory laws by these parties and their declarations on the subject are therefore meaningless. The governor and council are criticised for the vacicitating policy in reference to petitions for the appointment of special liquor constables in Penobscot and other counties. The Australian ballot system and the Women's Christian Temperance union are approved, and female suffrage is declared to be only justice. Considerable objection was made to the last, but it was finally adopted.

ST. PAUL, Minn., June 26.—The state prohibition convention yesterday nominated the following ticket: Governor, J. P. Pinkham, of Minneapolis; lieutenant governor, J. O. Barret, of Brown's Valley; secretary of state, H. S. Lilleber, of Wilmar; state treasurer, N. R. Frost, of St. Paul; state auditor, Ole Kron, of Evansville; attorney general, Robert Taylor, of Kasson; clerk of the supreme court, W. E. Dean, of Cottonwood.

Historian Dying.

NEWPORT, R. I., June 26.—Grein Bancroft, the venerable historian, is very feeble and no one outside of the family is allowed to see him. It is feared that he will not recover.

CARMI, Ill., June 26.—Ex-Congressman John M. Crebs died yesterday morning at 10 o'clock after a short illness.

Eliza Hill Arrested.

QUEENSTOWN, June 26.—Eliza Hill, of Chicago, a passenger on the Guion line steamer, Arizona, from New York, was arrested here this morning for concealing in her valise two packages of amunition and a loaded seven chambered revolver. After being taken before a magistrate she was remanded to jail for further information.

BATTLE IN MEXICO.

A Lively Fight in Which Several are Badly Wounded.

SAN ANTONIO, June 26.—Two parties have made a marauding expedition against Mexico, one above and the other below Laredo. The one above were so hotly pursued on United States soil by United States troops sent from Fort McIntosh that they crossed over into Mexico before they intended to, and fell into the hands of the Mexican cavalry. In the short fight which ensued Santiago Sandoval, one of the leaders, and several of the filibusterers were wounded.

Soon after the capture another of the leaders was summarily shot, and it is reported that on Wednesday evening, after a brief military trial, the other members of the party were taken to a ravine back of Nouva Laredo and shot by their captors. The second expedition crossed to Guerro, twenty-five miles below Laredo, where they robbed the custom house and several stores. During their attack on the town one of their leaders was killed, and shortly afterward the majority of the band was captured but what was done with them is a mystery. The Mexican authorities are studiously silent. All of the invaders were Mexican citizens, their object being plunder.

COMMITTED SUICIDE

Through Fear of Connection in a Criminal Matter.

BUFFALO, N. Y., June 26.—A Niagara Falls special to the Express says Dr. W. C. Woolsen committed suicide yesterday afternoon at the home of his parents, on Niagara street, by cutting his throat with a razor. For several years he was a telegraph operator and at one time had quite a prominent position in Buffalo. Dr. Woolsen was for a time in Dr. Baker's office, and since the latter's arrest on a charge of criminal abortion in connection with the Minnie Ellis case, Woolsen has brooded over the matter, fearing that he would be summoned as a witness in a case of which he knew nothing. He was thirty-seven years old and leaves a widow and four children.

IN FLAMES.

Big Mountain Fires in Colorado—Distillery Burned.

DENVER, June 26.—A great portion of the Sangre de Christo range in Colorado and New Mexico is in flames. The valleys and passes are obscured by smoke from the burning mountains. The fire extends over twenty miles up and down the Santa Fe range.

PEORIA, Ill., June 26.—The famous rye distillery of Clark & Co., the only one in this city which is not controlled or operated by the whisky trust, was partly destroyed by fire last evening. The fire originated in the meal room. The loss will be about $10,000.

STRIKING CARPENTERS

Driven to a Settlement by Destitution—Lost $30,000 by the Strike.

DENVER, Colo., June 26.—After an idleness of eight weeks the striking carpenters and wood workers returned to work yesterday morning on the terms of the mill men unconditionally. The strikers lost over $30,000 and were driven to a settlement by destitution.

Investigating.

LIVERPOOL, June 26.—The inquiry into the recent accident to the Anchor line steamship, City of Rome, at Fasnet rock, was concluded to-day. The judgment rendered is that the casuality was due to the failure of Captain Young to attend to the warnings conveyed by the legal soundings. No action was taken with regard to the captain's sailing certificate.

Prince Bismarck.

BERLIN, June 26.—Prince Bismarck will establish at Schonhaussen a museum which will be made up from the numerous gifts which have from time to time been presented to the ex-chancellor. A portrait of the present emperor will occupy the place of honor.

Very Hot.

DES MOINES, Iowa, June 26.—The mercury has reached above 100 degrees on each of the past four days and reports of excessively high temperature come from all parts of the state. Cases of sun stroke are numerous and several deaths are reported.

Guilty of Embezzlement.

NEW ORLEANS, June 26.—Treasurer Hemmingway, of Mississippi, was found guilty of embezzlement by the jury this morning. Counsel for defendant at once issued for time to file a motion in a rest of judgment, which was granted.

His Fourth Term.

COLUMBUS, Ohio, June 26.—The democratic congressional convention of the Ninth district met here this morning and re-nominated Congressman Outhwaite for his fourth term by acclamation.

Denver's Population.

DENVER, June 26.—It is stated unofficially by the supervisor of census that the population of Denver is about 120,000.

The Weather.

WASHINGTON, June 26.—Indiana—Fair, slightly warmer; variable winds, becoming southerly.

IN THE COURTS!

The News as The Sentinel Reporter Finds it About the Court House and the J. of P. Offices.

In the superior court to-day the case of Richard G. Kerlin vs. the Chester Pipe & Tube company was dismissed. The suit was on an account for $750.

The suit of Lyman Lockwood, administrator, vs. Wm. B. Muhn and Rachel J. Muhn was set for trial July 1 in the superior court.

Paul F. Kuhne to-day reported to the superior court the deed of eighty acres in Jackson township to Theodore G. Seemeyer. The case was a suit to quiet title by correcting defects in some former deeds.

Justice France to-day fined Ferdinand Lorent $1 and costs for provoking John Berry.

George Krudop is on trial this afternoon before Justice Hays for throwing a stone through a window of Butcher Rich, just missing the shoulder of Mrs. Rich. George is a young man and son of Mrs. Krudop, who was tried in a justice's court a few weeks ago for tearing boards off one of her tenant's houses. The four pretty daughters of Mr. Rich testified concerning the assault. The Krudops reside on West Jefferson street and the Riehs are their near neighbors.

The seven gamblers, namely, Fred Meyers and six others, with fictitious cognomens, who were pulled from 104 Calhoun street, at 1:30 this morning, were fined $10 and costs each this morning, $19.50 apiece in all. They all paid the assessment through Joe J. Jenkinson, who appeared for Meyers. The gamblers themselves were not present. They are all young men who work in town as bookkeepers and clerks for prominent firms. Capt. Wilkinson says he will break up all the poker games now running in this city. He knows where each and every gaming room in this city is located. More pulls will follow in rapid succession. Why not pull gambling houses in the day time as well as at night? Gambling is carried on in the day time in several places in this city on Calhoun street.

Leslie H. Nogal's suit against Lucien P. Stapleford has been sent on a change of venue from Justice France to Justice Wilkinson.

A suit was filed against Thomas Gurnett in Justice Wilkinson's court yesterday afternoon, charging him with provoking William David. Gurnett has paid several fines lately.

The case of Peter Kallen vs. Charles Aufrecht was up before Judge Chapin yesterday afternoon. The action is an receivership for a churn patent of which Kallen is the inventor, and Aufrecht financier. Zollars & Schadden for the plaintiff and H. C. Hartman for the defendant.

The divorce case of Laura Racine vs. Aime Racine has been dismissed from the superior court at the cost of the defendant. The matter has been compromised and the parties are living harmoniously together again.

THE DAVIDSON CASE.

The Jury Deliberate Five Hours Before Arriving at a Verdict—Motion for a New Trial.

THE SENTINEL has already given the verdict of the jury in the Davidson murder case, which has been on trial at Columbia City for the last ten days. Concerning the scenes in the court room on the last day of the trial and the details of the jury's deliberation in arriving at a verdict, the Press of this morning has the following:

The trial of Thomas Davidson, jr., for the murder of his uncle is ended. The peculiarities of his case attracted widespread interest. The brutal manner in which the murder was committed; the chain of circumstances that encircled the prisoner with guilt; the conduct of young Davidson at the time of the crime; his attitude prior to and during the trial were all matters of the keenest interest and excited to a high pitch the sense of justice that is born in every human being. The verdict of the jury was awaited with eagerness and anticipation, which was manifest on the faces of the spectators more than on the stone like countenance of the accused. Young Davidson sat with unchanged expression and was only seen to give evidence of anxiety when a slight unusual noise in the direction of the jury room gave a false announcement of their coming.

It was 2 o'clock before the sheriff announced that the jury was ready to report. A death-like stillness came over the court room as the jurors filed slowly in and took their seats in the box. The court received the verdict and read it. As the word "guilty" was pronounced every eye was turned upon Davidson, but he sat firm and not a feature quivered. Then came the punishment to be prescribed, and the court read "imprisonment for life." A noticeable sigh escaped the crowd of spectators when the reading of the verdict was concluded. The counsel for the defense immediately gave notice of a motion for a new trial, and the court fixed July 8 as the date on which it will be heard. Unless the motion prevails and the verdict is set aside, sentence will be passed on Davidson at that time.

The jury retired at 9 o'clock yesterday morning, and on the first ballot every juror voted "guilty." The second ballot was also unanimous for first degree. The matter of fixing the penalty, however, developed a difference of opinion. Nine of the jurors voted for life imprisonment and three wanted the murderer to hang. This division was maintained four hours and a half before the three voters for death yielded to the majority and agreed to a life sentence.

THE Journal editor is in a box. He ought to go and rub his head against a brick wall. He made charges against us and then, when we defied him to produce proof, sneaks beind the cover and says: "Won't you produce it for us." You can't get the proof. That's what's the matter with you, Mr. Journal. To use an old, but familiar saying: "You ought to crawl in your hole and pull your hole in after you." You have failed, and failed utterly, in your attack upon us and ought to apologize.

H. W. CRABB, the big wine grower of California, has written to the World's Fair Association at Chicago for the privilege of playing a fountain of pure, native, sparkling wine. Mr. Crabb wants to hurl a perpetual shower of clear and ruddy wines fifty feet high and keep the bacchanal juice flowing through-out the period of the fair. He will also change the variety every week. Mr. Crabb's ability to keep a wine fountain running is attested by the fact that he produces 1,000,000 gallons every year from his vineyard at Oakville, Napa valley.

THE Louisiana Lottery company has succeeded in purchasing enough votes in the lower house of the Louisiana legislature to have passed the iniquitous Morris lottery bill. It was a desperate struggle, but money won the day. All attempts to reach a middle ground upon the pro lottery and anti-lottery factions to meet and adjust their differences having utterly failed, the lottery leaders determined to push their bill to a vote and win or lose all. The efforts put out to secure the required number of votes were well nigh superhuman. Finally the necessary sixty-six votes were named, but a number rebelled, and an amendment was adopted giving any individual or corporation the right to secure a lottery charter, provided they could effect the passage of a constitutional amendment upon the payment of not less than $1,000,000 per annum. Most of the members filed written explanations of their votes. The call resulted, yeas sixty-six; nays twenty-nine. Absent three and the bill was finally passed. The bill will go to the senate Thursday and will be pushed through that body with all possible speed.

Reports from Officers and Committees Submitted—Other Important Business.

REPORT OF COMMITTEE ON SEWERS.

We, the committee on sewers, submit the following report:

1. We have awarded the contract to John McCann to construct a twelve-inch sewer in the first alley west of Hanna street between Creighton avenue and Taber street.

2. In favor of the petition of W. S. Bash and others for a sewer on Rockhill street. We recommend that said sewer be constructed as follows: A five-foot double ring brick sewer from the St. Mary's river to Rockhill street, thence south on Rockhill street to Wilt street, thence west on Wilt street to College street, thence south on College street to the Pittsburg railway.

3. In favor of the petition of O. P. Parker for a sewer on Duryea street providing that said Parker pays the expense of the same and constructs said sewer to the satisfaction of the the city civil engineer.

4. In the matter of the petition of Louis Bender, asking to right the drain into a sewer in the alley between John street and Gay street, your committee report adverse because it is a private sewer and the council cannot grant him the right to drain into said sewer.

5. Adverse to the petition of Volney Parks and others for a sewer in the alley between Wayne street and Washington street from Grant avenue to Walton avenue for the reason that part of said alley is so low that a sewer cannot be constructed thereon.

6. In favor of the resolution of Councilman Meyer for a sand pit the on east side of Clay street at the alley between Holman street and Hough street.

7. In favor of the resolution of Councilman Gordon to construct a sewer in the alley between Pontiac street and Lieth street from the first alley west of Lafayette street to Lafayette street.

LOUIS HAZZARD,
VAL. OFENLOCH.

The motion of Councilman Hazzard to concur in the report was amended by Ely to lay section 2 on the table, which amendment was lost and the report was then concurred in.

REPORT OF COMMITTEE ON STREETS AND CIVIL ENGINEER.

We, your committee on streets and civil engineer, respectfully report on the petitions referred to us:

1. We have appointed William Bryant inspector on East Washington street, from Calhoun to Hanna street.

2. Also recommend the appointment of Edward Seidel as inspector for East Main street.

3. Also A. J. Langohr to be inspector on Broadway.

4. George Jacoby we recommend to be inspector on Hanna street, from the railroad to DeWald street.

5. And Diedrich Meyer as inspector on Hanna street, from the railroad to Wayne street.

6. In favor of petition of William Pettit and others asking to have William Byrant appointed inspector on DeWald street, from Broadway to Fairfield avenue.

7. Conrad Piepenbrink is recommended as inspector on Wallace street, but your committee ask to report next meeting on his recommendation.

REPORT OF COMMITTEE ON STREETS AND CITY ATTORNEY.

We your committee on streets and city attorney to whom was referred the petition of Mr. Phillip Luley relating to damages sustained by reason of injuries incurred in the lawful use of East Main street, we report that before recommending compromise we consulted with petitioners who declared that the sum demanded was for injuries sustained by himself and the boy, Peter Earnce. With this understanding, that the settlement is in full for both the injured parties, we recommend that the offer be accepted. And that upon the said Phillip Luley and Peter Earnce, sr., the father of the boy, receipting in full for any and all the damages sustained by them or either of them on account of the condition of East Main street, that the city clerk draw an order in favor of Phillip Luley Peter Earnce, sr., jointly for the sum of one hundred dollars.

REPORT OF COMMITTEE ON WATER WORKS AND CITY ATTORNEY.

We, your committee on water works and city attorney, to whom was referred the communication of the water works trustees and the accompanying report of the expert engineer who made the test; none of your committee are engineers, much less expert ones; we have not the knowledge to authorize any criticism if any were necessary. The contract for the engine, the changes therein, the selection of the expert to make the test, and the test itself were all done under the authority and by the direction of the board of trustees, who were selected by the people. They are careful public officials, who have undoubtedly discharged their full duty, and as the report of the expert meets with their approval, it meets with ours. We do, therefore, now recommend that said engine be accepted by the city.

REPORT OF COMMITTEE ON EDUCATION AND CITY ATTORNEY.

We, your committee on education and city attorney, to whom was referred the comunication and request of the school trustees asking for the levy of a special tuition tax of eight cents on the $100 and a poll tax for like purpose of 25 cents per capita, respectfully report:

That we entered upon the consideration of the request with the greatest care and with a determination to refuse the request if such refusal would in no manner threaten or endanger the thorough efficiency of the schools.

We believe that if this committee recommended a course that would shorten the school year, cut down the wages of poorly paid teachers, deny further education to any now enrolled or deny entrance to new scholars, it would misrepresent the public wish and do an irreparable injury thereby.

At the beginning of the school year, Sept. 1, 1887, cash on hand for tuition purposes was $93,600.

Sept. 1, 1888, for like purpose, was $73,411.
Sept. 1, 1889, for like purpose, was $50,390.
Sept. 1, 1890, will be, as estimated, $30,000.
Sept. 1, 1891, $11,000.

This last named sum, augmented by the January and June school money distributions, would; based upon the recepts of '87, '88, '89 and '90, be many thousand dollars short of the sum necessary to run the schools in even their present cramped condition. It would then be too late to talk of the levy, for the tax is only collected in the April and November of the year next after the levy.

The danger to be apprehended is with the school year beginning Sept. 1, 1891, and to meet the deficiency of that year we are of the opinion that an actual necessity exists for the immediate ordering of the levy asked. It has been suggested that the surplus that has been gradually accumulated in the special school fund be asked. To do this means to abandon the necessary additions to school houses as required by the greatly over-crowded school houses in the other wards, and thereby denying the benefits of free public schools to the children of our mechanics and laboring men, who appreciate most highly their benefits.

We therefore recommend that the resolution of the board of school trustees, which was adopted by said board May 6, 1890, and communicated to this council on the 10th day of June, 1890, be and the same is hereby ratified affirmed and adopted by the adoption of the resolution reported by the committee herewith.

H. P. VORDERMARK,
GEO. W. ELY,
P. J. SCHEID,
Committee.
HENRY COLERICK,
City Attorney.

Whereas, the board of school trustees duly passed a resolution asking and requiring the common council of the city of Fort Wayne to order a special levy for tuition of eight cents on $100 valuation and a poll tax of twenty five cents per capita for the purpose of operating and maintaining the free public schools of said city, and,

Whereas, the common council's committee on education have reported in favor of such levy and which report has been concurred in. Therefore, be it

Resolved, That the common council of the city of Fort Wayne does hereby levy a special tax for tuition purposes for the free public schools of said city the sum of eight cents on each $100 valuation of the total taxable within the limits of said city and the sum of twenty-five cents per capita upon each able-bodied adult liable to taxation in the limits of said city.

H. P. VORDERMARK.

The motion of Councilman Boltz to refer the above report and resolution back to the committee was amended by Michael to refer back to the committee to furnish the proper data.

REPORT OF COMMITTEE ON BRIDGES.

We, your committee on bridges, herewith report contract and bond with Charles Boseker for the repair of the Clinton street bridge in accordance with his bid, he being the lowest and best bidder for the doing of said work, and the bid being reasonable. We recommend that the contract and bond be approved.

REPORT OF CITY TREASURER.

I respectfully report that I have apportioned from the first installment collected, $19,688.52 for water works purposes; also, that according to the resolution adopted by your honorable body January 28th, 1890, I have deducted $12,273.07 from this apportionment, and there now remains in the treasury to the credit of this fund, $7,415.45, for which amount I ask your disposition, so that the proper transfers can be made to the water works records.

C. J. SOSENHEIMER,
City Treasurer.

Referred to the committee on finance.

REPORT OF CITY ATTORNEY.

I respectfully report to you as follows:

1. The case of Hayden vs. city to prevent any further use by the city of Gay street is fixed in the circuit court for trial June 26, 1890. I make this report so that property owners to be affected thereby may be aware of the time of its trial.

2. I have received a communication from Supt. C. D. Law, of Pennsylvania company, notifying me that he now has a diagram of the proposed viaduct with an estimate of its cost as contemplated by many reports of this council on Lafayette street over the many railroad tracks crossing said street. As the question is one of deep importance to the citizens of the First, Second, Seventh, Eighth and Tenth wards as well as the public generally I communicated the facts.

HENRY COLERICK,
City Attorney.

Referred to the committee on public grounds and buildings, committee on finance, city attorney and city civil engineer.

REPORT OF CITY ASSESSOR.

I respectfully report that I will have the assessors' books completed the 14th day of July 1890, and will then be ready to meet the board of equalization.

Ex-City Civil Engineer.

Referred to the committee on finance and city attorney.

REPORT OF CITY CIVIL ENGINEER.

I hereby submit my report of the work on West Jefferson street, from the west line of Calhoun street to the east line of Broadway.

1. The work from Ewing street to the east line of Broadway has been completed since I have had charge of same and has been completed according to the plans and specifications on file in my office.

2. That portion of the work between Ewing street and the West line of Calhoun was completed under the supervision of the former engineer.

REPORT OF CHIEF OF FIRE DEPARTMENT.

I hereby respectfully report that I have appointed Fred Reinking as horseman in place of August Lannon, resigned June 21, 1890.

HENRY HILBRECHT,
Chief of Fire Department.

Concurred in and appointment confirmed.

REPORT OF STREET COMMISSIONER.

1. In the matter of the resolution of Councilman Ely instructing me to rebuild a sand pit on the southeast corner of Griffith and Main streets, would respectfully report that I have examined the place and find a 3½ foot sewer in the gutter at that point, with an open catch basin over said sewer to receive the surface water, consequently no sand pit can be constructed thereon, except the old gutter sewer would be turned into the main Griffith street sewer, south of said point.

2. I would most earnestly recommend to your honorable body that the city would purchase a street sweeper, as the growth of the city makes it a difficult matter to keep the streets clean without the use of a street sweeper.

D. O'BRIEN,
Street Commissioner.

CHAS. J. SOSENHEIMER,
City Treasurer.

Referred to committee on finance.

RESOLUTIONS AND ESTIMATES.

Resolved, That the city civil engineer be and he is hereby instructed to prepare a final estimate in favor of Jacob B. Pierson for grading McCulloch street, from Summit street to Hayden street.

H. P. VORDERMARK.

Adopted and estimate referred to the committee on streets.

Whereas, The city civil engineer has reported to the common council that the Talbot Paving company has fully completed and fulfilled its contract for grading and paving with cedar blocks Harrison street, from the west line of Calhoun street to the east line of Broadway, and

Whereas, The common council has approved said report of the city civil engineer and found that said improvement has been made and completed according to the terms of the contract therefor made, now in order that a final estimate thereof may be made, be it

Resolved, That the city civil engineer be required to report to the common council the following facts:

1. The total cost of said improvement.
2. The average cost per running foot of the whole length of that part of the street so improved.
3. The name of each property owner on that part of the street so improved.
4. The number of front feet owned by the respective property owners on that part of said street so improved.
5. The amount of such cost for improvement due upon each lot or parcel of ground bordering on said street, which amount shall be ascertained and fixed by multiplying the average cost per running foot by the number of running front feet on the several lots or parcels of ground respectively.
6. The full description, together with the owner's name, of each lot or parcel of ground bordering on said part of said street so improved.

GEO. W. ELY.

Adopted.

REPORT OF CIVIL ENGINEER.

1. I would respectfully report that the total cost of the improvement of Jefferson street, from Calhoun street to Broadway, made under contract with the Talbot Paving company and recently completed by said company is $10,184.11.
2. That the average cost per running foot of said street as improved is $1.9994.
3. You will find hereto attached a list of the names of each property owner on that part of said street so improved.
4. Also so attached the number of front feet owned by the respective property owners on that part of said street so improved.
5. Also attached the amount of such cost for improvement due upon each lot or parcel of ground bordering on said street, I would further report that there is due from the city of Fort Wayne for the cost and expense of so much of said improvement of said street as is occupied by the crossings of streets and alleys the sum of $1,944.19, leaving a balance to be assessed against property owners as aforesaid of $8,539.95.

O. B. WILEY,
City Civil Engineer.

Concurred in and the estimate referred to the committee on streets.

Resolved, That the city clerk give two weeks notice in the Fort Wayne Daily Journal and the Fort Wayne Daily Gazette that on the 18th day of July, 1890, at 7:30 o'clock p. m., at the council chambers of the city of Fort Wayne, that a special committee of said council, appointed for the purpose of giving a hearing on the reports of the city civil engineer, heretofore ordered, for the purpose of making final estimates of the total costs of the improvement of Jefferson street, from Calhoun street to Broadway, made and completed by the Talbot paving company, and at said time and place said special committee will hear all objections and complaints as to either or both of said reports and accord a hearing thereon.

J. L. GRUBER.

Adopted.

Be it resolved by the common council of the city of Fort Wayne, (two-thirds of all the members thereof concurring) that Erie street from Harmer street to Canal street be graded to a width of thirty-six (36) feet, and be it further

Resolved, (this council hereby declaring such improvement necessary) that the costs and expenses thereof, including services of inspector and advertising except so much as is occupied by the crossings of streets and alleys be assessed against, and collected from the owners of lots and land abutting on said improvements according to the provisions of chapter 118, of the acts of the general assembly of the state of Indiana, approved March 8, 1889, and all other laws supplemental thereto, and that said improvement shall be made under the supervision and to the satisfaction of the city civil engineer and the common council, and in accordance with the plans and specifications on file at the office of said engineer; and be it further

Resolved, That the city civil engineer set the proper stakes, and advertise for three weeks in the Fort Wayne Daily Journal that sealed proposals will be received by this council, at a meeting to be held on the — day of ——, 18—, for the execution of said work.

H. P. VORDERMARK.

HOME CITY.

Gossip About Fort Wayne People at That Resort.

The Rome City correspondent of the Kendallville News has this gossip about well known Fort Wayne people:

Rev. Fuller has received a call from south of Fort Wayne and will move there at once.

Theodore Lane is at home visiting his family a few days, before returning to his work in Fort Wayne.

W. P. Denny, of Fort Wayne, formerly a Noble county boy, Sundayed over with his father and James Luke.

C. M. Comparet, of Fort Wayne, was here booming the candidacy of H. C. Berghoff, of Fort Wayne, for State treasurer. Noble county will be for Berghoff.

M. V. B. Spencer, Esq., a prominent lawyer of Fort Wayne, was in our city last Saturday on legal business. Mrs. J. Scott, of the same city accompanied him.

Frank Stone, a very nice young man of Fort Wayne, arrived last Saturday and is stopping at the Sylvan Lake house. On the morning after his arrival a young Miss sought him out, handing him a sweet scented tinted note requesting his presence across the lake. Frank readily acceded to the request and spent the day in company with a fine looking young lady. Girls, come, come; no such place on earth.

Will A. Glatte has sold his beautiful cottage, situated in Sylvan lake on an island, to John C. Peters, of Fort Wayne, including furniture and steamboat. Consideration for land alone, $1,000. The cottage is situated on one of the most desirable locations on Sylvan lake. It is entirely surrounded by water. Mr. P. is certainly lucky in getting control of this property, for no other such location can be found in northern Indiana.

THE FAT CONTRIBUTOR.

His Humorous Lecture at the Temple To-morrow Night.

A. Miner Griswold, who edits the Texas Siftings and whose humorous contributions to the press over the nom de plume of the "Fat Contributor," have achieved for their author a wide-spread reputation, will deliver his famous lecture, "Round the World," at the Masonic Temple to-morrow night. The writer of this has heard Mr. Griswold and can promise those who attend the lecture to-morrow night a rich literary treat. His lectures are humorous, keep one laughing constantly and are illustrated with over one hundred beautiful and striking pictures and humorous cartoons. It is the last of the E. F. Biddle's entertainments.

A LATH FAMINE.

Builders Handicapped by a Scarcity of Material.

A lath famine is unusual, but the present scarcity of this material shows that contracting builders are at present delayed by such a cause. A contractor said last evening that he had houses that had not been touched for two weeks because there were no lath to be secured. Shipments are beginning to come in and in the course of a few days a sufficient supply will have arrived to permit a continuance of work where a stoppage from this cause was necessary.

In the case of the state vs. Adam Hirsch, the supreme court of Indiana has rendered the following decision: "Section 2,098, R. S., provides that it shall be unlawful to sell, barter or give away intoxicating liquor, to be drunk as a beverage * * "Upon the day of any election in the township, town or city where the same may be holden." Held, that under this statue it is a crime for a licensed vender to sell intoxicating liquor in a less quantity than a quart at a time on the day of a primary election held by a political party to nominate candidates to be voted for at a general election. Judge Elliott's dissent is based upon the omission of the word "primary." He holds that the courts cannot supply the word, and that in its absence the statute refers to ordinary elections, that is, elections held under the law, and for the choice of officers."

If a corset is perfect in other respects and has the usual metal eyelets, the laces will break at the most annoying times; for the eyelets cut them.

There is a better eyelet; made of loops of corset lace; soft eyelet we call it. It costs no more, is neater, more such as a woman would make for herself, besides the convenience of not wearing out or cutting the laces.

The Ball and Kabo corsets are eyeleted with it.

You can get these corsets and wear them two or three weeks; and, if you do not like them, return them. The makers pay the merchants to sell them so.

Habitual Costiveness

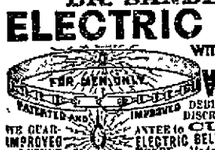

causes derangement of the entire system, and begets diseases that are hazardous to life. Persons of costive habit are subject to Headache, Defective Memory, Gloomy Forebodings, Nervousness, Fevers, Drowsiness, Irritable Temper and other symptoms, which unfits the sufferer for business or agreeable associations. Regular habit of body alone can correct these evils, and nothing succeeds so well in achieving this condition as Tutt's Pills. By their use not only is the system renovated, but in consequence of the harmonious changes thus created, there pervades a feeling of satisfaction; the mental faculties perform their functions with vivacity, and there is an exhilaration of mind and body, and perfect heart's ease that bespeaks the full enjoyment of health.

He will be off duty several days.

The passenger conductors on the Pennsylvania lines west of Pittsburg are disgruntled over a new order which has been issued. In years past they have been required to give a personal bond for a certain amount for honesty, etc., but under the new order of things they are required to give a bond in the Guarantee company of North America, which involves an expense that in giving a personal bond they would not be troubled with. What is more irritating is the fact that in the directory of the guarantee company appear the names of T. D. Messler and others of the directors of the Pennsylvania company.

James Woodworth, of the Pittsburg boiler shop, had quite an exciting experience with a runaway horse last evening. A short time ago he received as a present, a Texas pony which had never been under harness and was noted for the number of times it could kick in a minute. He has been trying faithfully for several weeks to break this noted piece of horse flesh, but last night it got the best of him. He had just stopped at the barn to unhitch him, when the young pony got a spell and started, throwing him out of the buggy. He was not badly injured but badly scared. The pony got loose from the buggy and ran down Calhoun street and was caught near the court house.

TO DENOUNCE WHEATON.

The Indianapolis News says: "Members of the Order of Railroad Conductors are secretive about the object of the special meeting of the order, called in this city for to-morrow afternoon at 2 o'clock. The supposition is that the meeting is called to consider, among other things, the split in the order which has created quite a sensation in the East. The split is over the strike question. C. S. Wheaton, who was retired as Grand Chief Conductor at the recent Rochester convention, and other members of the order who opposed the striking out of the clause prohibiting strikes, have seceded and started an opposition order in New York. Several divisions have left the parent organization and gone with Wheaton.

"Here in Indianapolis Wheaton is denounced as an ingrate. It is said of him that he received his bread and butter from the order for eighteen years—was paid an annual salary of $5,000—and that when he found he could no longer rule the order he concluded to ruin it.

"Meetings of divisions have been called for all over the country, it is supposed, for the purpose of denouncing Wheaton's attempt to wreck the order, and to take steps that will hasten the federation of all railway employes' organizations, so long desired.

"The meeting to-morrow may also consider the grievances of some of the Big Four conductors. The grievance committee will be here and some action of importance may be taken."

SUMMER EXCURSIONS

To Resorts East and West.

Low rate excursion tickets are now on sale via the great Wabash Line and its connections to Chautauqua, Niagara Falls, Toronto, Alexandria Bay down the beautiful St. Lawrence river, through the Thousand Islands to Montreal, across the White Mountains to the sea. A wide choice of route to all New England summer resorts; tours around the great lakes, interchangable western tours through Colorado, New Mexico, the Rocky Mountains, California and the northwest. Information relative to any of the above trips cheerfully given upon application to

"No, sir—I don't want any of the imitations or substitutes, or any of the old worn out Mercury and Potash mixtures. Give me the genuine (S. S. S.) Swift's Specific. I know it is entirely vegetable, and that it cures by forcing the poison out of the system."

This old gentleman is on the right line. Do not be imposed on by dealers who, for the sake of a few cents more profit, would sell you some imitation or substitute, which may not only be worthless as a remedy, but absolutely dangerous to your health. There is only one Swift's Specific (S. S. S.) and there is nothing like it.

S. S. S. cured Him.

A few years ago I was troubled with a malignant breaking out all over my left leg below the knee. I tried everything I saw advertised for impure blood, and blood poison, but nothing gave me relief until (without any faith, I must admit,) I commenced taking Swift's Specific—S. S. S. Two and a half bottles effected a complete and permanent cure, for I have not had a symptom of a return of the disease since. WILL C. BEATY, Lancaster, S. C., Jan. 26, 1890.

Dead in the Lake.

MIDDLETON, N. H., June 25.—The body of the man found floating on Cromwell's Lake on Sunday was yesterday identified as that of William L. Evers, of New York, a well known writer on sporting topics, and who is said to have been at one time on the staff of the Turf, Field and Farm. He was fifty-five years of age. It is believed that he committed suicide while temporarily insane. He leaves a widow and several children.

The Hill Farm Horror.

DUNBAR, Pa., June 25.—The rescuing party passed the line of the Hill Farm mine early this morning. The men are now digging in soft coal and are making rapid progress. The distance yet to be tunneled is not definitely known. It may be 200 feet and it may be 800 feet. That developments are expected very soon, however, is apparent from the nature of the preparations in progress.

A Warden's Brutality.

LITTLE ROCK, Ark., June 25.—Thomas Kellar, warden of the state penitentiary, whipped James Fitzgerald, a convict at Gracie Camp in Jefferson county, so severely Monday that he died of his injuries. Kellar escaped. Four hundred dollars has been offered by the governor for Kellar's arrest.

Badly Wrecked.

WHITE RIVER JUNCTION, Vt., June 25.—Two loaded freight trains on the Passupic division of the Boston and Maine railroad, collided two miles from here, near Olcott, early this morning. The engine and cars were badly wrecked and traffic was delayed several hours.

Nominated for Congress.

MANSFIELD, Ohio, June 25.—Michael D. Harter, (democrat) of this city, received the nomination for congress in the fifteenth Ohio district this morning on the 153rd ballot.

What Does it Mean?

"100 Doses One Dollar" means simply that Hood's Sarsaparilla is the most economical medicine to buy, because it gives more for the money than any other preparation. Each bottle contains 100 doses and will average to last a month, while other preparations taken according to directions, are gone in a week. Therefore, be sure to get Hood's Sarsaparilla, the best blood purifier.

Left for Europe.

ST. LOUIS, Mo., June 25.—Mrs. Rose W. Fanning, Miss Sallie A. Pritchett and Miss Madge Frederick, the three lady teachers who were chosen to go to Europe in the Post Dispatch contest which closed a couple of weeks ago, left the Union depot this morning.

For the cure of the inflammation and congestion called "a cold in the head" there is more potency in Ely's Cream Balm than in anything else it is possible to describe. This preparation has for years past been making a brilliant success as a remedy for cold in the head, catarrh and hay fever. Used in the initial stages of these complaints Cream Balm prevents any serious development of the symptoms, while almost numberless cases are on record of radical cures of chronic catarrh, after all other modes of treatment have failed.

Killed at Goshen.

GOSHEN, Ills., June 25.—Mrs. Henry Harvey, of Constantine, Mich., shot and killed her husband Monday night while he was asleep. The domestic life of the Harveys, who had been married six years, has been very unhappy.

When Baby was sick, we gave her Castoria,
When she was a Child, she cried for Castoria,
When she became Miss, she clung to Castoria,
When she had Children, she gave them Castoria.

Louisiana Lottery.

BATON ROUGE, La., June 25.—The caucus conference committee on the lottery question were unable to reach any agreement last night and will report the whole matter back to the caucuses.

THE MUTUAL LIFE INSURANCE COMPANY,

OF NEW YORK, SECURES IT.

Nearly $600,000 Paid by Members of one Family for Insurance in the Mutual.—The Most Stupendous Transaction Known in the History of Insurance.—"It has Never Been Done Before; It Never Will Be Done Again."

—E. C. POTTER & CO.—

No. 799. New York, Dec. 24, 1889.

BANK OF NEW YORK.
National Bankers Association.

Pay to the order of L. C. HOPKINS, Genl Executive Agent

Five hundred and Seventy Eight Thousand, Three Hundred and Forty Five ——— LARS.

$578,345 00/100 — 29 DEC 28 1889. — CERTIFIED. Payable through New York Clearing House, N. B. A. — E. C. POTTER & CO.

The above check was received by the Mutual Life Ins. Co. of New York, for Insurance effected upon the lives of five members of the illustrious Havemeyer family of the City of New York. The Policies selected were the 10 year guarantee contracts of the Mutual Life's with the annuity feature added. Each policy was for the sum of $100,000 and the insured chose to make but one payment, thus commuting the cost. The insurance covered by the above mentioned premium payment of $578,345.00 was upon the lives of Mr. Theo. A. Havemeyer, the well known Merchant of this City, and Four members of his family. Mr. Theo. Havemeyer, is the Austrian Counsel General and a Gentleman of wide influence and of great business sagacity. Mr. E. C. Potter, whose signature is appended to the check, is the son-in-law of Mr. Havemeyer, and is one of the most prominent of bankers and brokers operating upon the stock exchange. There are two significant points for consideration in connection with this Insurance.

First, that the Messrs Havemeyer seeking a profitable and safe investment of a vast fund, selected Life Insurance as offering more advantages and greater security than any other form of investment. Second That they had such faith in the management and stability of the Mutual Life Insurance company of New York, that they willingly entrusted to its care nearly $600,000 in cash without any security whatever, and only the PROMISE of the company to pay.

The particulars of the life insurance contracted for by the family of Mr. Theo. A. Havemeyer, with the MUTUAL LIFE INSURANCE COMPANY, by which that institution received a single premium payment of $578,345.00, will excite wonderment and surprise in the world of underwriting, and set the general public to thinking of the possibilities of life insurance as an investment.

The idea of a party with six hundred thousand dollars of spare cash on hand, putting it all into life insurance.

Why didn't they build houses or purchase stocks, or do a dozen other things with it? Life insurance for an investment! That's all very well, some people think, if you must do it. But here are five members of one family engaged in merchantile pursuits, fully alive to the value of every financial scheme of importance in this or any other country, who after examining every tempting investment, came to the conclusion that the safest, most profitable and altogether desirable one, is that offered by the MUTUAL LIFE.

Then think of the fact that all this money, far exceeding half a million dollars, is placed in the hands of the company without other security than its promise to pay. If that is'nt an evidence of confidence, what could be?

IT'S THE LARGEST, STRONGEST AND BEST LIFE INSURANCE COMPANY IN THE WORLD. Its assets are thirty millions greater than those of any other American Life Insurance company. Over eighty millions greater than those of any life office in Great Britain, and sixty millions greater than the entire funds of the bank of England, which is the largest banking institution in the world.

The Mutual Life Issues Every Desirable Form of Policy.

Suburban gardeners say they will be on the market next week with new potatoes for sale. The season for green peas is about over. On account of the high temperature that has prevailed throughout June, watermelons are two weeks nearer maturity than they are usually at this time of the year. This is great weather for corn, but it was so badly drowned out in the early part of the season that it will be only a two-thirds crop.

A hot day fable: "Four hundred people drank out of my leaking tin cup to-day up to noon," said the city pump on market square. "Oh, that's a small business," said the sulphur-water pump of Allen county. "I run four rusty dippers and two clean ones, and fourteen hundred people imbibed of my waters before 11 a. m. Besides, four dogs cooled themselves by lying on the wet fountain floor. My waters are a laxative medicine and I'm the most public and popular well in this part of Indiana." Moral: Water is the only liquid that quenches thirst.

Concerning Mr. George W. Ewing and his intended bride, the Cincinnati Commercial-Gazette has this to say: "Engagement number two is that of Miss Bettie Sherley and Mr. George Ewing, of Fort Wayne, Ind. Miss Sherley is a Louisville girl by birth, but a Cincinnatian by adoption, having spent much of the time since her debut here under the chaperonage of Mrs. T. W. Zimmerman, a near relative. She is a beauty of the dazzling southern type, and has been a belle par excellence since she left off pinafores. One of those girls who reign by divine right, she has had a very large number of captives tied to the wheels of her chariot. Mr. Ewing, (a cousin, by the way, of Mrs. Will Webb, nee Thurston)—is the only son of his mother, and inherited a large estate from his father, who died when he was a mere boy. All the world loves a a lover, and Mr. Ewing's wooing has been such an earnest and well-conducted siege that everybody wishes him joy of his pretty captive."

Mr. Mason Long, the evangelist, is in the city.

Ellva Craig and Master Roy are at Monroeville visiting friends.

Mr. Louis Heilbroner will exhibit a mascot at the base ball game this afternoon.

TIRED OF LIFE.

Ed Hedges, a Laborer, Makes Unsuccessful Attempts at Suicide.

Mr. Ed Hedges, a laborer on the new paving work, resides at 40 Chicago street. He has been on the rough edge of misfortune lately and last night tried to end his life by putting his head on the railroad track. He was frustrated but at a later hour he was trying to throw himself in front of a moving train. He was taken home by friends, and Officer George Lee was notified to watch the house and prevent the man's escape for fear he might carry out his designs. Hedges has had a hard time to struggle against the diversities of life, which weighs heavily on his mind. Last Sunday he accompanied the Q. & O. excursion to Maxinkuckee where it is said he spent the earnings that should have gone to his family. Since then he has been laboring under temporary hallucinations.

The Second Presbyterian Church will go to Rome City Tuesday, July 1. A good time assured. Everybody go.

ORATORICAL CONTEST.

The Pierson Prize at the Fort Wayne College Won by Mr. S. A. Shoemaker.

The oratorical contest, for the purpose of determining who should be awarded the Pierson prize of $25 in gold, took place last evening in the hall of the Fort Wayne M. E. college. There was quite a large audience present and the exercises were of an interesting character. There were to have been four contestants, but Mr. George Weeks, one of them, was prevented from participating by reason of sickness. Dr. Stemen, the president of the college, presided and introduced the speakers.

Mr. Ernest Bierman was the first speaker. His subject was, "Christianity a Factor in Civilization." It was well prepared and delivered by the young gentleman in a forcible and interesting manner.

"Science and Religious Thought" was the theme chosen by the next contestant, Mr. Louis N. Anderson. The oration was an excellent one as far as thought and preparation was concerned, but the speaker labored under the difficulty of not having committed it to memory and this made the delivery of it very hard to him.

The third and last speaker was Mr. Samuel A. Shoemaker. He spoke on the subject, "Are We Free?" and he had hardly launched upon his theme before he had caught the favor of the audience and when he closed, "He will get the prize," was whispered by many in the ear of his neighbor, and such proved to be the case. Mr. Shoemaker is a pleasant, easy speaker and his theme, dealing with the great evils of the day, was a popular one and won him the plaudits of the audience.

The judges were the Rev. Mr. Wagenhals, the Rev. Dr. George, of New York, and the Rev. C. L. Clipinger, of Glasgow, Ind. In ten minutes the judges found that Mr. Shoemaker was the champion orator and to him, Rev. A. E. Mahin, in an appropriate speech, awarded the prize, which is an annual gift to the best orator in the college by Dr. Piersson, of Philadelphia.

During the exercises last evening, Prof. W. F. Heath rendered two beautiful selections on the piano.

DAVID B. WAID.

Death of an Esteemed Citizen of Zanesville.

At Zanesville, in this county, occured the death of David B. Waid, aged 60 years and seven days. He was born in Augusta county, Virginia, June 14, 1830. With his parents he moved to Wells county, Ind., in 1834. On March 10, 1853, he was married to Philla A. Peck, by whom he had seven children, three of which survive him. The daughter, Mrs. Sappington is the wife of a prosperous farmer living a few miles from Zanesville and one son, also a farmer, lives on his fathers farm; while his other son, J. M. Waid, is a merchant of Zanesville. Mr. Waid was a man of more than ordinary force of character. By strict attention to business, and by economy he had amassed quite a fortune. A good, kind neighbor and friend, he had the respect of all, as was attested by the large attendance at the funeral. He was a member of the M. E. church, and one of the order of F. A. M. At the time of his death he was postmaster at that place. He is enshrined in the hearts of his acquaintances as a good man, and his loss is regretted by all. The funeral sermon was preached by Rev. Bridge, of Ossian. Revs. Wood, of Zanesville, and White, of Sheldon, assisting in the services.

The general officers of the passenger department of the Pennsylvania lines west of Pittsburg have been notified that they must cut down the expenses of this department. In years past all other departments, when an economical spell came over the management, have been asked to cut down expenses, but the passenger department has been given no trouble on this score; consequently, it is hard to tell where to apply the pruning knife.

The Roadmasters' Association of America will hold its next annual meeting in Detroit September 9. The association has increased in membership the last year rapidly, now having 2,500 members.

A Nervy Doctor.

A celebrated Russian physician, Doctor Botkin, who has just died in the south of France, proved the uncertain state of him who hangs on princes' favor. During a dangerous illness of the present Czar the doctorr emained at his bedside day and night. On the patient's recovery he asked the physician to choose his own reward.

"Your majesty, I want nothing for myself," said Botkin, "but I beseech you to have mercy on poor Tchernichevsky"—the socialist who had been banished to Siberia.

The Czar turned away without a word; but, although the next day the daring physician received a large sum of money and the order of St. Vladimir, the royal friendship was withdrawn and the exile remained where he was.

Journalism in Hungary.

Journalistic criticism is a dangerous calling in Hungary. An article which appeared recently in a journal at Klausenburg gave so much offence that it led to no fewer than thirteen duels. The editor of the paper fought four duels, in one of which he killed his opponent; the author of the obnoxious article passed safely through three encounters and the sub-editor took the lion's share with six combats.

At a recent trial in Farmington, Me., a quick-witted reply was given by a witness at the close of a tedious cross-questioning. "Now tell how many sheep you ever saw—under oath, now, remember." "I never saw a sheep under oath," replied the witness, which closed the cross-examination.

There has never been till now a corset that fully answered the hardest wear which that much abused garment is put to.

The Kabo corset is "boned" with a new material, Kabo, that cannot be broken, or kinked, or shifted in wear.

The rest of the corset is made as durable as the Kabo; there are no metal eyelets to rust or to cut the corset laces, and the overlacing in the back never shows through thin or close-fitting waists.

If the Kabo breaks in a year's wear, we refund the money. If the loops eyelets pull out, we refund the money. The steels may break—there is nothing else in the corset to break.

You may wear the Kabo corset two or three weeks and return it if not satisfactory; money returned in full.

THE WORLD'S FAIR.

The Commissioners Meet at Chicago for the Purpose of Making Arrangements for the Event.

CHICAGO, June 26.—Lake Front as a world's fair site has been abandoned. So much opposition to the site developed that it was generally agreed among the directors to give it up. The members of the national commission have been invited to make a personal inspection of the various other sites that have been proposed.

At a meeting last night of the world's fair commissioners from certain western and southern states and New York, it was agreed to support C. M. Depew for president of the commission at to-day's meeting. M. H. DeYoung, of San Francisco was selected as candidate for first vice-president, and John T. Dickinson, of Texas, for secretary.

STARTING THE WORK.

CHICAGO, June 26.—The national movement in connection with the world's Columbian exposition was inaugurated to-day. From an early hour the rotundas and corridors of the principal hotels presented an appearance familiar to those who have participated in the national conventions of the great political parties. On every hand there were to be encountered men of national prominence in business life, in the political world and in the arenas of statesmanship and diplomacy. Many of them had trod the same ground within the last two years when the accredited delegates of the republican and democratic parties had gathered in this city to place their standard bearers in the field. The Grand Pacific hotel was the principal center of the world's fair delegates this morning, and by 10 o'clock its spacious rotunda was almost impassible. Each one of the states and territories were represented by two delegates and the ten delegates at large appointed by President Harrison had all put in an appearance by noon. At that hour the national commission was formally opened in the large club room of the Grand Pacific and the existence of the body became a matter of record.

A. T. Wing, one of the commissioners from Illinois, called the commission to order on behalf of the secretary of state. The Rev. Dr. M. Woolsley Stricker made the opening prayer and Mr. Charles H. Derree, also commissioner from Illinois, moved the election of Judge John T. Harris as temporary chairman. The commission as a whole will first be called upon to decide two matters—first the question of site, and second, the sufficiency of the fund. Although the local board of directors have already practically decided upon the lake front and have opened negotiations with the Illinois Central railway to joint action, it is not already certain that the national commission will endorse that action. As to the question of the sufficiency of the fund there will be no difference of opinion. If in the judgment of the national commission the amount subscribed or to be subscribed is not regarded as ample for all purposes the board of directors will guarantee to secure without delay as many millions more as may be necessary or desirable.

The probable officers of the national commission came in for a good deal of canvassing this morning. Ex-Senator Palmer, of Michigan, seems to be everybody's candidate for president. The New York delegates have publicly announced their intention of placing Mr. Depew in nomination, but in view of the great interests which require his undivided attention it is not thought probable for a moment that he would consent to occupy the position. For secretary, energetic efforts have been put forth on behalf of the Hon. Benj. W. Butterworth, and John T. Dickinson, of Texas, and it is though that the latter is in the lead. The meeting today is simply to comply with the statue and it does not follow that permanent organization must be effected at once. Under the law the commissioners can if they so determine, remain in continuous session until after the purposes of the fair shall have been accomplished.

From noon to-day, moreover, the state department has no control over the delegates. It has given effect to the law by the issuance of a proper notice of the meeting of the commission, and there its duty in the matter ends. All the arrangements have been completed for a banquet to be given to the 104 comrades at the Palmer house to-night. The affair will be an elaborate one and very select; the number of the guests being limited. Outside of those who have been permitted to pay $15 per plate for their participation, the only guests besides the comrades will be Chief Justice Fuller, Justice Harlan, Governor Fifer and Mayor Creiger. The toasts will be as follows: "The relation of the world's Columbian exposition to commerce," "Its relation to commerce," "Its relation to national unity," "Its relation to inter state unity," "Its relation to art and science," "Its relation to national resources," "Its relation to labor," "Its relation to our national growth," "Its relation to the press," "Its relation to literature and education." The speakers will include ex-Minister Palmer, Henry Exall, of Texas; Thomas A. McKenzie, Mark McDonald, of California; Charles H. Jones, of the St. Louis Republic, and ex-Governor Bullock, of Massachusetts.

WARM WEATHER GOSSIP.

Fort Wayne People Talk on a Variety of Subjects.

Cyrus Fike—I am for the home base ball club, and I want to see them win. Now, there is Bluffton on the down-hill road, with Anderson following the example, and it looks as if it will be between Marion and Fort Wayne for awhile. Who knows, though, what changes we may see yet.

Supt. McNutt on horses—Yes, the hot weather causes us to take extra precaution in the use of horses on the street car lines. For some days past we have had what is called hot weather, ranging from 88 to 93 degrees in the shade. You can bet that it is much hotter in the sun. This kind of weather we do not run one horse very long. Say, for instance on the belt line, the animal is given two trips a day or four times around the belt. We have in use for the average day, twenty-eight cars. Every horse when it starts on a trip has a large sponge attached to the bridle gear and this sponge is wet with cool water at intervals along the route.

Capt. Wallace Mungen—I hope both the Rifles and Zollinger Battery will be represented at the coming military encampment. Speaking of military affairs reminds me of the reception our companies received upon their return from Evansville two years ago. The Rifles won the first prize at Evansville for the best put-up light infantry drill, and the Zollingers came out first in one drill and second in another. The Zollingers left Evansville ahead of the Rifles and thus escaped a rain storm. We left on the Vandalia road. We decided to await the Rifles at Plymouth, Ind. We did so and both companies arrived in Fort Wayne to become the heroes of the grandest reception ever given. Capt. Weldon and others inspired the reception and Mike V. Walsh put down the first subscription.

Officer O'Ryan—You can set me down as opposed to "fakes" which come to our city, and by misrepresentation get honestly earned dollars. I speak particularly of smide shows.

Frank Gruber—I want somebody to settle my argument with Bob Drubbleiss. I argue that a buggy having smaller front wheels is easier on the horse than the one having four wheels of equal size.

Fatal Explosion.

ASHLEY, Mich., June 24.—The boiler in Frank Gardner's stave mill at North Star, near here, exploded yesterday killing Charles Brown, Fred Tucker, and the engineer, name unknown, whose head was completely blown off, and fatally injuring four others. The mill was totally destroyed.

COAL MINERS OUT.

Twelve Hundred Men on a Strike at Halifax. The Illinois Central Situation.

HALIFAX, N. S., June 26.—Twelve hundred miners are out on a strike at the Spring Hill collieries, the largest mine in Nova Scotia. The men object to the system of "docking" a whole box of coal for short measure or for stone. Everything at the colliery is at a standstill.

CHICAGO, June 26.—The decision to be given the strikers by General Superintendent Sullivan, of the Illinois Central, at 10 o'clock this morning has not yet been announced. The officials of the company and a committee of the strikers are now in conference but it is learned that the company is determined to fight to the end. As the strikers are equally determined it is not unlikely that before long the strike will spread all along the line. The railroad officials learned that the freight conductors were not able to support a strike, and propositions were made to them.

The conductors, it is said, have decided to return to work to-morrow whether the strikers approve of it or not. It is said that conductors and brakemen have been hired from other roads in the east and that the officials will not take back any of the old employes who have not already consented to return to work. The officials say they are determined to run the road without being dictated to by men, and another siege similar to the big "Q" strike is looked for.

The East St. Louis freight handlers' strike is still on and bids fair to last until to-morrow. This morning the Mobile and Ohio acceded to the men's demands for $1.50 per day, but refused to grant them extra money for over time. It is said that unless the strikers go to work to-morrow new men will be imported to fill their places.

BOSTON, June 26.—The building laborers will not accept the wages offered by the Masons' Builders' association, holding that the excavators as well as the hod men should have twenty-five cents an hour, instead of twenty-two cents, as offered. Of the 2,500 men who originally struck, there are to-day but 419 on a strike. Their officers assert that the others, whether excavators or hodcarriers, have obtained the twenty-five cents per hour demanded.

A REGULAR BATTLE.

A Mob Endeavors to Tar and Feather a Bad Young Man.

CAMERON, Mo., June 26.—At 12 o'clock last Tuesday night a mob of forty men gathered twelve miles north of here and went to the farm house of Walt Squires for the purpose of tarring and feathering his son, Bud, aged twenty-one, who, it is alleged, had caused the ruin of a young lady in the neighborhood. The crowd and the mob responded. A regular battle ensued in which about fifty shots were fired. The elder Squires, aged sixty, received a wound in the abdomen, but it is not considered fatal. A young man of the attacking party named Will Noland was shot in the stomach and it is thought he will die. Intense excitement continues and another attack is expected.

FORT SMITH, Ark., June 26.—Cloud McDaniel, prosecuting attorney of the Cusadian district, Cherokee nation, shot and killed James Stubblefield, an intimate friend. Yesterday McDaniel and his wife quarreled and the woman went to Stubblefield's house. McDaniel followed and urged her to return home. Stubblefield tried to act as peacemaker, when McDaniel shot him twice.

COLUMBIA, S. C., June 26.—There is trouble between the races near Bamberg, Barnwell county. On Saturday some negroes went fishing in a boat owned by a white man, after they had been ordered not to use it. When the negroes returned they were set upon by the whites and beaten. In the fight a white man was severely injured. On Tuesday night Robert Keans and a number of friends went to the house of a negro who appeared to be the leader of the party. The negroes were in ambush near the house and fired on the whites, wounding eight of them, none dangerously. The negroes then fled. It is feared there will more trouble over the matter.

PUGILISTS FINED.

Muldoon, Cleary and Donovan Pleat Guilty—Kilrain Wants to Fight.

PURVIS, Miss., June 26.—Pugilists Muldoon, Cleary and Donovan all pleaded guilty yesterday to the indictments found against them. Muldoon was fined $250, Cleary $100, and Donovan $100. Kilrain paid half of Donovan's fine, while Muldoon footed the bill for Cleary. Kilrain announces his intention to challenge Sullivan to fight him to a finish at Fort Worth for the purse offered by the Fort Worth athletic club.

Long Sentence.

NEW BEDFORD, Mass., June 26.—Wm. Allison was yesterday sentenced to state's prison for seventeen years for burglary in the house of Charles H. Gardiner, at Swansea. The burglar bound and gagged Mr. and Mrs. Gardiner, but secured only a few dollars.

WAR ON A P. M.

White Springs, Fla., Citizens Make it Warm for a Postmaster—Debate on the Election Bill.

WASHINGTON, June 26.—The postmaster general has been compelled to send a guard of men to White Springs, Fla., to protect the postmaster there—C. L. Morrison. Some time ago Morrison was appointed to succeed O. K. Paxton, a "hold-over" from the Cleveland administration. Morrison appears to have been very unpopular and a systematic boycott was immediately instituted by the inhabitants of the town who mailed and received their letters through a small postoffice a few miles distant. Not satisfied with this Morrison's enemies concocted a conspiracy to annoy him as much as possible. They succeeded in getting an ignorant white man named Lewis to believe that he had been appointed a detective.

A fraudulent warrant calling for Morrison's arrest was given to Lewis, who, with the assistance of a man named Morgan, arrested Morrison, bound him with ropes and took him to Lake City, thirty miles away. The fraudulent character of the arrest was discovered by the citizens of Lake City, and Lewis and Morgan were compelled to release Morrison, after which they themselves were locked up in jail. Lewis, discovering the fraud which had been perpetrated on him, turned state's evidence, and upon his testimony, Morgan, ex-Postmaster Paxton, Principal Shipworth, of the Florida state normal school, Assistant Principal Guilliam, and a Mr. Cohen, said to be the richest man in Hamilton county, were arrested.

Morgan was sentenced to pay a fine of $1,000, and the others were placed under heavy bond. Morrison's life was threatened again by some of the conspirators with the result that the department has determined to protect the postmaster with an armed guard.

WASHINGTON, June 26.—The house to-day passed the following bills: House bill, with senate amendments, authorizing the construction of a bridge across the Mississippi river at Winona, Minn.; house bill granting fifteen days leave to clerks in first and second-class post offices; granting certain lots to school district No. 7, in the township of Dearborn, Wayne county, Mich., for school purposes; to construct a bridge across the Mississippi river at Hastings, Mich.

Debate was then begun on the national election bill. Mr. Lodge said the subject was grave and demanded serious and deliberate treatment. He had no personalities or reflections to make, but desired to treat the question dispassionately. The proposed bill extended the laws regarding the election of members so that they would be effective throughout the United States whenever the people wanted them so extended. He said that no local machinery was to be disturbed and that the ballots were to be cast as at present and no secret ballots system was to be interfered with where it now prevailed. Everything that concerned the government should be open.

MAINE PROHIBITIONISTS.

Resolutions Adopted Favoring State and National Prohibition.

PORTLAND, Maine, June 26.—The resolutions adopted by the state prohibition convention yesterday demand state and national prohibition, and declare the third party necessary to secure it; that the democratic and republican parties each contain a liquor element sufficient to prevent any thorough enforcement of prohibitory laws by these parties and their declarations on the subject are therefore meaningless. The governor and council are criticised for the vacicitating policy in reference to petitions for the appointment of special liquor constables in Penobscot and other counties. The Australian ballot system and the Women's Christian Temperance union are approved, and female suffrage is declared to be only justice. Considerable objection was made to the last, but it was finally adopted.

ST. PAUL, Minn., June 26.—The state prohibition convention yesterday nominated the following ticket: Governor, J. P. Pinkham, of Minneapolis; lieutenant governor, J. O. Barret, of Brown's Valley; secretary of state, H. S. Jelleber, of Wilmar; state treasurer, N. R. Frost, of St. Paul; state auditor, Ole Kron, of Evansville; attorney general, Robert Taylor, of Kasson; clerk of the supreme court, W. E. Dean, of Cottonwood.

Historian Dying.

NEWPORT, R. I., June 26.—Grein Bancroft, the venerable historian, is very feeble and no one outside of the family is allowed to see him. It is feared that he will not recover.

CAIRO, Ill., June 26.—Ex-Congressman John M. Crebs died yesterday morning at 10 o'clock after a short illness.

Eliza Hill Arrested.

QUEENSTOWN, June 26.—Eliza Hill, of Chicago, a passenger on the Union line steamer, Arizona, from New York, was arrested here this morning for concealing in her valise two packages of ammunition and a loaded seven chambered revolver. After being taken before a magistrate she was remanded to jail for further information.

BATTLE IN MEXICO.

A Lively Fight in Which Several are Badly Wounded.

SAN ANTONIO, June 26.—Two parties have made a marauding expedition against Mexico, one above and the other below Laredo. The one above were so hotly pursued on United States soil by United States troops sent from Fort McIntosh that they crossed over into Mexico before they intended to, and fell into the hands of the Mexican cavalry. In the short fight which ensued Santiago Sandoval, one of the leaders, and several of the filibusterers were wounded.

Soon after the capture another of the leaders was summarily shot, and it is reported that on Wednesday evening, after a brief military trial, the other members of the party were taken to a ravine back of Nuova Laredo and shot by their captors. The second expedition crossed to Guerro, twenty-five miles below Laredo, where they robbed the custom house and several stores. During their attack on the town one of their leaders was killed, and shortly afterward the majority of the band was captured but what was done with them is a mystery. The Mexican authorities are studiously silent. All of the invaders were Mexican citizens, their object being plunder.

COMMITTED SUICIDE

Through Fear of Connection in a Criminal Matter.

BUFFALO, N. Y., June 26.—A Niagara Falls special to the Express says Dr. W. O. Woolsen committed suicide yesterday afternoon at the home of his parents, on Niagara street, by cutting his throat with a razor. For several years he was a telegraph operator and at one time had quite a prominent position in Buffalo. Dr. Woolsen was for a time in Dr. Baker's office, and since the latter's arrest on a charge of criminal abortion in connection with the Minnie Ellis case, Woolsen has brooded over the matter, fearing that he would be summoned as a witness in a case of which he knew nothing. He was thirty-seven years old and leaves a widow and four children.

IN FLAMES.

Big Mountain Fires in Colorado—Distillery Burned.

DENVER, June 26.—A great portion of the Sangre de Christo range in Colorado and New Mexico is in flames. The valleys and passes are obscured by smoke from the burning mountains. The fire extends over twenty miles up and down the Santa Fe range.

PEORIA, Ill., June 26.—The famous rye distillery of Clark & Co., the only one in this city which is not controlled or operated by the whisky trust, was partly destroyed by fire last evening. The fire originated in the meal room. The loss will be about $10,000.

STRIKING CARPENTERS

Driven to a Settlement by Destitution—Lost $30,000 by the Strike.

DENVER, Colo., June 26.—After an idleness of eight weeks the striking carpenters and wood workers returned to work yesterday morning on the terms of the mill men unconditionally. The strikers lost over $30,000 and were driven to a settlement by destitution.

Investigating.

LIVERPOOL, June 26.—The inquiry into the recent accident to the Anchor line steamship, City of Rome, at Fasnet rock, was concluded to-day. The judgment rendered is that the casualty was due to the failure of Captain Young to attend to the warnings conveyed by the legal soundings. No action was taken with regard to the captain's sailing certificate.

Prince Bismarck.

BERLIN, June 26.—Prince Bismarck will establish at Schonhausen a museum which will be made up from the numerous gifts which have from time to time been presented to the ex-chancellor. A portrait of the present emperor will occupy the place of honor.

Very Hot.

DES MOINES, Iowa, June 26.—The mercury has reached above 100 degrees on each of the past four days and reports of excessively high temperature come from all parts of the state. Cases of sun stroke are numerous and several deaths are reported.

Guilty of Embezzlement.

NEW ORLEANS, June 25.—Treasurer Hemmingway, of Mississippi, was found guilty of embezzlement by the jury this morning. Counsel for defendant at once issued for time to file a motion in a rest of judgment, which was granted.

His Fourth Term.

COLUMBUS, Ohio, June 26.—The democratic congressional convention of the Ninth district met here this morning and re-nominated Congressman Outhwaite for his fourth term by acclamation.

Denver's Population.

DENVER, June 26.—It is stated unofficially by the supervisor of census that the population of Denver is about 120,000.

The Weather.

WASHINGTON, June 26.—Indiana—Fair, slightly warmer; variable winds, becoming southerly.

IN THE COURTS!

The News as The Sentinel Reporter Finds it About the Court House and the J. of P. Offices.

In the superior court to-day the case of Richard G. Kerlin vs. the Chester Pipe & Tube company was dismissed. The suit was on an account for $750.

The suit of Lyman Lockwood, administrator, vs. Wm. B. Muhn and Rachel J. Muhn was set for trial July 1 in the superior court.

Paul F. Kuhne to-day reported to the superior court the deed of eighty acres in Jackson township to Theodore G. Seemeyer. The case was a suit to quiet title by correcting defects in some former deeds.

Justice France to-day fined Ferdinand Lorant $1 and costs for provoking John Berry.

George Krudop is on trial this afternoon before Justice Hays for throwing a stone through a window of Butcher Rich, just missing the shoulder of Mrs. Rich. George is a young man and son of Mrs. Krudop, who was tried in a justice's court a few weeks ago for tearing boards off one of her tenant's houses. The four pretty daughters of Mr. Rich testified concerning the assault. The Krudops reside on West Jefferson street and the Riehs are their near neighbors.

The seven gamblers, namely, Fred Meyers and six others, with fictitious cognomens, who were pulled from 104 Calhoun street, at 1:30 this morning, were fined $10 and costs each this morning, $19.50 apiece in all. They all paid the assessment through Joe J. Jenkinson, who appeared for Meyers. The gamblers themselves were not present. They are all young men who work in town as bookkeepers and clerks for prominent firms. Capt. Wilkinson says he will break up all the poker games now running in this city. He knows where each and every gaming room in this city is located. More pulls will follow in rapid succession. Why not pull gambling houses in the day time as well as at night? Gambling is carried on in the day time in several places in this city on Calhoun street.

Leslie H. Nogal's suit against Lucien P. Stapleford has been sent on a change of venue from Justice France to Justice Wilkinson.

A suit was filed against Thomas Gurnett in Justice Wilkinson's court yesterday afternoon, charging him with provoking William David. Gurnett has paid several fines lately.

The case of Peter Kallen vs. Charles Anfrecht was up before Judge Chapin yesterday afternoon. The action is a receivership for a churn patent of which Kallen is the inventor, and Anfrecht financier. Zollars & Schaddon for the plaintiff and H. C. Hartman for the defendant.

The divorce case of Laura Racine vs. Aime Racine has been dismissed from the superior court at the cost of the defendant. The matter has been compromised and the parties are living harmoniously together again.

THE DAVIDSON CASE.

The Jury Deliberate Five Hours Before Arriving at a Verdict—Motion for a New Trial.

THE SENTINEL has already given the verdict of the jury in the Davidson murder case, which has been on trial at Columbia City for the last ten days. Concerning the scenes in the court room on the last day of the trial and the details of the jury's deliberation in arriving at a verdict, the Press of this morning has the following:

The trial of Thomas Davidson, jr., for the murder of his uncle is ended. The peculiarities of his case attracted widespread interest. The brutal manner in which the murder was committed; the chain of circumstances that encircled the prisoner with guilt; the conduct of young Davidson at the time of the crime; his attitude prior to and during the trial were all matters of the keenest interest and excited to a high pitch the sense of justice that is born in every human being. The verdict of the jury was awaited with eagerness and anticipation, which was manifest on the faces of the spectators more than on the stone like countenance of the accused. Young Davidson sat with unchanged expression and was only seen to give evidence of anxiety when a slight unusual noise in the direction of the jury room gave a false announcement of their coming.

It was 2 o'clock before the sheriff announced that the jury was ready to report. A death-like stillness came over the court room as the jurors filed slowly in and took their seats in the box. The court received the verdict and read it. As the word "guilty" was pronounced every eye was turned upon Davidson, but he sat firm and not a feature quivered. Then came the punishment to be prescribed, and the court read "imprisonment for life." A noticeable sigh escaped the crowd of spectators when the reading of the verdict was concluded. The counsel for the defense immediately gave notice of a motion for a new trial, and the court fixed July 8 as the date on which it will be heard. Unless the motion prevails and the verdict is set aside, sentence will be passed on Davidson at that time.

The jury retired at 9 o'clock yesterday morning, and on the first ballot every juror voted "guilty." The second ballot was also unanimous for first degree. The matter of fixing the penalty, however, developed a difference of opinion. Nine of the jurors voted for life imprisonment and three wanted the murderer to hang. This division was maintained four hours and a half before the three voters for death yielded to the majority and agreed to a life sentence.

THE Fourth of July is now but one week away.

THE Illinois Republican state convention yesterday nominated Franz Amberg for state treasurer.

THE new law provides that a board of local election commissioners shall be appointed in each county at least thirty days prior to election day, the board to consult the county clerk and two other persons to be nominated by the committee chairmen of the two dominant political parties.

THE coming Pythian conclave to be held at Milwaukee from July 7 to 12 will be the most interesting and attractive ever held by the order. Each day will contain features of a special character to interest the Knights and public generally. Prizes amounting to $6,600 will be awarded during the five days. Fort Wayne will be represented.

THE Journal editor is in a box. He ought to go and rub his head against a brick wall. He made charges against us and then, when we defied him to produce proof, sneaks beind the cover and says: "Won't you produce it for us." You can't get the proof. That's what's the matter with you, Mr. Journal. To use an old, but familiar saying: "You ought to crawl in your hole and pull your hole in after you." You have failed, and failed utterly, in your attack upon us and ought to apologize.

H. W. CRABB, the big wine grower of California, has written to the World's Fair Association at Chicago for the privilege of playing a fountain of pure, native, sparkling wine. Mr. Crabb wants to hurl a perpetual shower of clear and ruddy wines fifty feet high and keep the bacchanal juice flowing through-out the period of the fair. He will also change the variety every week. Mr. Crabb's ability to keep a wine fountain running is attested by the fact that he produces 1,000,000 gallons every year from his vineyard at Oakville, Napa valley.

THE Louisiana Lottery company has succeeded in purchasing enough votes in the lower house of the Louisiana legislature to have passed the iniquitous Morris lottery bill. It was a desperate struggle, but money won the day. All attempts to reach a middle ground upon the pro lottery and anti-lottery factions to meet and adjust their differences having utterly failed, the lottery leaders determined to push their bill to a vote and win or lose all. The efforts put out to secure the required number of votes were well nigh superhuman. Finally the necessary sixty-six votes were named, but a number rebelled, and an amendment was adopted giving any individual or corporation the right to secure a lottery charter, provided they could effect the passage of a constitutional amendment upon the payment of not less than $1,000,000 per annum. Most of the members filed written explanations of their votes. The call resulted, yeas sixty-six; nays twenty-nine. Absent three and the bill was finally passed. The bill will go to the senate Thursday and will be pushed through that body with all possible speed.

COMMON COUNCIL.

Reports from Officers and Committees Submitted—Other Important Business.

REPORT OF COMMITTEE ON SEWERS.

We, the committee on sewers, submit the following report:

1. We have awarded the contract to John McCann to construct a twelve inch sewer in the first alley west of Hanna street between Creighton avenue and Taber street.

2. In favor of the petition of W. S. Bash and others for a sewer on Rockhill street. We recommend that said sewer be constructed as follows: A five-foot double ring brick sewer from the St. Mary's river to Rockhill street, thence south on Rockhill street to Will street, thence west on Will street to College street, thence south on College street to the Pittsburg railway.

3. In favor of the petition of O. P. Parker for a sewer on Duryea street providing that said Parker pays the expense of the same and constructs said sewer to the satisfaction of the city civil engineer.

4. In the matter of the petition of Louis Bender, asking to right the drain into a sewer in the alley between John street and Gay street, your committee report adverse because it is a private sewer and the council cannot grant him the right to drain into said sewer.

5. Adverse to the petition of Volney Parks and others for a sewer in the alley between Wayne street and Washington street from Grant avenue to Walton avenue for the reason that part of said alley is so low that a sewer cannot be constructed thereon.

6. In favor of the resolution of Councilman Meyer for a sand pit the on east side of Clay street at the alley between Holman street and Hough street.

7. In favor of the resolution of Councilman Gordon to construct a sewer in the alley between Pontiac street and Lieth street from the first alley west of Lafayette street to Lafayette street.

LOUIS HAZZARD,
VAL OFENLOCH.

The motion of Councilman Hazzard to concur in the report was amended by Ely to lay section 2 on the table, which amendment was lost and the report was then concurred in.

REPORT OF COMMITTEE ON STREETS AND CIVIL ENGINEER.

We, your committee on streets and civil engineer, respectfully report on the petitions referred to us:

1. We have appointed William Bryant inspector on East Washington street, from Calhoun to Hanna street.

2. Also recommend the appointment of Edward Seidel as inspector for East Main street.

3. Also A. J. Langohr to be inspector on Broadway.

4. George Jacoby we recommend to be inspector on Hanna street, from the railroad to DeWald street.

5. And Diedrich Meyer as inspector on Hanna street, from the railroad to Wayne street.

6. In favor of petition of William Pettit and others asking to have William Byrant appointed inspector on DeWald street, from Broadway to Fairfield avenue.

7. Conrad Piepenbrink is recommended as inspector on Wallace street, but your committee ask to report next meeting on his recommendation.

REPORT OF SPECIAL COMMITTEE.

We your special committee appointed to hear objections to proposed street improvements, in accordance with notice of which due publication was had, met at the council chambers in the city hall on Monday evening, the 23d of June, 1890. There was a remonstrance referred to the committee by the property owners along Lafayette street, between Wallace and Murray streets, and after considering the petition we recommend that the prayers of this petition be granted and said street not be improved, and there was no other objections offered in reference to the improvements of other streets.

REPORT OF COMMITTEE ON STREETS AND CITY ATTORNEY.

We your committee on streets and city attorney to whom was referred the petition of Mr. Phillip Luley relating to damages sustained by reason of injuries incurred in the lawful use of East Main street, we report that before recommending compromise we consulted with petitioners who declared that the sum demanded was for injuries sustained by himself and the boy, Peter Earnce. With this understanding, that the settlement is in full for both the injured parties, we recommend that the offer be accepted. And that upon the said Phillip Luley and Peter Earnce, sr., the father of the boy, receipting in full for any and all the damages sustained by them or either of them on account of the condition of East Main street, that the city clerk draw an order in favor of Phillip Luley Peter Earnce, sr., jointly for the sum of one hundred dollars.

REPORT OF COMMITTEE ON WATER WORKS AND CITY ATTORNEY.

We, your committee on water works and city attorney, to whom was referred the communication of the water works trustees and the accompanying report of the expert engineer who made the test; none of your committee are engineers, much less expert ones; we have not the knowledge to authorize any criticism if any were necessary. The contract for the engine, the changes therein, the selection of the expert to make the test, and the test itself were all done under the authority and by the direction of the board of trustees, who were selected by the people. They are careful public officials, who have undoubtedly discharged their full duty, and as the report of the expert meets with their approval, it meets with ours. We do, therefore, now recommend that said engine be accepted by the city.

REPORT OF COMMITTEE ON EDUCATION AND CITY ATTORNEY.

We, your committee on education and city attorney, to whom was referred the comunication and request of the school trustees asking for the levy of a special tuition tax of eight cents on the $100 and a poll tax for like purpose of 25 cents per capita, respectfully report:

That we entered upon the consideration of the request with the greatest care and with a determination to refuse the request if such refusal would in no manner threaten or endanger the thorough efficiency of the schools.

We believe that if this committee recommended a course that would shorten the school year, cut down the wages of poorly paid teachers, deny further education to any now enrolled or deny entrance to new scholars, it would misrepresent the public wish and do an irreparable injury thereby.

At the beginning of the school year, Sept. 1, 1887, cash on hand for tuition purposes was $93,-000.

Sept. 1, 1888, for like purpose, was $73,411.
Sept. 1, 1889, for like purpose, was $50,390.
Sept. 1, 1890, will be, as estimated, $30,000.
Sept. 1, 1891, $11,000.

This last named sum, augmented by the January and June school money distributions, would; based upon the receipts of '87, '88, '89 and '90, be many thousand dollars short of the sum necessary to run the schools in even their present cramped condition. It would then be too late to talk of the levy, for the tax is only collected in the April and November of the year next after the levy.

The danger to be apprehended is with the school year beginning Sept. 1, 1891, and to meet the deficiency of that year we are of the opinion that an actual necessity exists for the immediate ordering of the levy asked. It has been suggested that the surplus that has been gradually accumulated in the special school fund to asked. To do this means to abandon the necessary additions to school houses as required by the greatly over-crowded school houses in the other wards, and thereby denying the benefits of free public schools to the children of our mechanics and laboring men, who appreciate most highly their benefits.

We therefore recommend that the resolution of the board of school trustees, which was adopted by said board May 6, 1890, and communicated to this council on the 10th day of June, 1890, be and the same is hereby ratified affirmed and adopted by the adoption of the resolution reported by the committee herewith.

H. P. VORDERMARK,
GEO. W. ELY,
P. J. SCHEID,
Committee.
HENRY COLERICK,
City Attorney.

Whereas, the board of school trustees duly passed a resolution asking and requiring the common council of the city of Fort Wayne to order a special levy for tuition of eight cents on $100 valuation and a poll tax of twenty five cents per capita for the purpose of operating and maintaining the free public schools of said city, and,

Whereas, the common council's committee on education have reported in favor of such levy and which report has been concurred in. Therefore, be it

Resolved, That the common council of the city of Fort Wayne does hereby levy a special tax for tuition purposes for the free public schools of said city the sum of eight cents on each $100 valuation of the total taxable within the limits of said city and the sum of twenty-five cents per capita upon each able-bodied adult liable to taxation in the limits of said city.

H. P. VORDERMARK.

The motion of Councilman Boltz to refer the above report and resolution back to the committee was amended by Michael to refer back to the committee to furnish the proper data.

REPORT OF COMMITTEE ON BRIDGES.

We, your committee on bridges, herewith report contract and bond with Charles Bosker for the repair of the Clinton street bridge in accordance with his bid, he being the lowest and best bidder for the doing of said work, and the bid being reasonable. We recommend that the contract and bond be approved.

REPORT OF CITY TREASURER.

I respectfully report that I have received a city order of the series B, dated March 2, 1871, and herewith attached, for which I request a duplicate order of the present series, so that the proper charges can be made, etc.

C. J. SOSENHEIMER,
City Treasurer.

Concurred in and warrant ordered drawn.

REPORT OF CITY TREASURER.

I respectfully report that I have collected one hundred dollars ($160) as benefits assessed in the vacating of two (2) feet of Lafayette street, from Holman street to the P., F. W. & C. right of way.

C. J. SOSENHEIMER,
City Treasurer.

REPORT OF CITY TREASURER.

I respectfully report that I have apportioned from the first installment collected, $19,688.52 for water works purposes; also, that according to the resolution adopted by your honorable body January 28th, 1890, I have deducted $12,-273.07 from this apportionment, and there now remains in the treasury to the credit of this fund, $7,415.45, for which amount I ask your disposition, so that the proper transfers can be made to the water works records.

C. J. SOSENHEIMER,
City Treasurer.

Referred to the committee on finance.

REPORT OF CITY ATTORNEY.

I respectfully report to you as follows:

1. The case of Hayden vs. city to prevent any further use by the city of Gay street is fixed in the circuit court for trial June 26, 1890. I make this report so that property owners to be affected thereby may be aware of the time of its trial.

2. I have received a communication from Supt. C. D. Law, of Pennsylvania company, notifying me that he now has a diagram of the proposed viaduct with an estimate of its cost as contemplated by many reports of this council on Lafayette street over the many railroad tracks crossing said street. As the question is one of deep importance to the citizens of the First, Second, Seventh, Eighth and Tenth wards as well as the public generally I communicated the facts.

HENRY COLERICK,
City Attorney.

Referred to the committee on public grounds and buildings, committee on finance, city attorney and city civil engineer.

REPORT OF CITY ASSESSOR.

I respectfully report that I will have the assessors' books completed the 14th day of July 1890, and will then be ready to meet the board of equalization.

CHARLES REESE,
City Assessor.

REPORT OF CITY CIVIL ENGINEER.

There is due to Mr. Huntoon, acting for Mr. Goshorn as assistant engineer, pay for service from the 1st to the 10th. Please see that the matter is adjusted. I forgot to report the time on retiring.

C. S. BRACKENRIDGE,
Ex-City Civil Engineer.

Referred to the committee on finance and city attorney.

REPORT OF CITY CIVIL ENGINEER.

I hereby submit my report of the work on West Jefferson street, from the west line of Calhoun street to the east line of Broadway.

1. The work from Ewing street to the east line of Broadway has been completed since I have had charge of same and has been completed according to the plans and specifications on file in my office.

2. That portion of the work between Ewing street and the West line of Calhoun was completed under the supervision of the former engineer.

O. B. WILEY,
City Civil Engineer.

REPORT OF CITY CIVIL ENGINEER.

I would respectfully report that I have appointed Bremont Hill assistant city civil engineer.

O. B. WILEY,
City Civil Engineer.

Concurred in and appointment confirmed.

REPORT OF CHIEF OF FIRE DEPARTMENT.

I hereby respectfully report that I have appointed Fred Heinking as horseman in place of August Lannon, resigned June 21, 1890.

HENRY HILBRECHT,
Chief of Fire Department.

Concurred in and appointment confirmed.

REPORT OF STREET COMMISSIONER.

1. In the matter of the resolution of Councilman Ely instructing me to rebuild a sand pit on the southeast corner of Griffith and Main streets, would respectfully report that I have examined the place and find a 3½ foot sewer in the gutter at that point, with an open catch basin over said sewer to receive the surface water, consequently no sand pit can be constructed thereon, except the old gutter sewer would be turned into the main Griffith street sewer, south of said point.

2. I would most earnestly recommend to your honorable body that the city would purchase a street sweeper, as the growth of the city makes it a difficult matter to keep the streets clean without the use of a street sweeper.

D. O'BRIEN,
Street Commissioner.

RESOLUTIONS AND ESTIMATES.

Resolved, That the city civil engineer be and he is hereby instructed to prepare a final estimate in favor of Jacob B. Pierson for grading McCulloch street, from Summit street to Hayden street.

H. P. VORDERMARK.

Adopted and estimate referred to the committee on streets.

Whereas, The city civil engineer has reported to the common council that the Talbot Paving company has fully completed and fulfilled its contract for grading and paving with cedar blocks Harrison street, from the west line of Calhoun street to the east line of Broadway, and

Whereas, The common council has approved said report of the city civil engineer and found that said improvement has been made and completed according to the terms of the contract therefor made, now in order that a final estimate thereof may be made, be it

Resolved, That the city civil engineer be required to report to the common council the following facts:

1. The total cost of said improvement.

2. The average cost per running foot of the whole length of that part of the street so improved.

3. The name of each property owner on that part of the street so improved.

4. The number of front feet owned by the respective property owners on that part of said street so improved.

5. The amount of such cost for improvement due upon each lot or parcel of ground bordering on said street, which amount shall be ascertained and fixed by multiplying the average cost per running foot by the number of running front feet on the several lots or parcels of ground respectively.

6. The full description, together with the owner's name, of each lot or parcel of ground bordering on said part of said street so improved.

GEO. W. ELY.

Adopted.

REPORT OF CIVIL ENGINEER.

1. I would respectfully report that the total cost of the improvement of Jefferson street, from Calhoun street to Broadway, made under contract with the Talbot Paving company and recently completed by said company is $10,-481.11.

2. That the average cost per running foot of said street as improved is $1.9994.

3. You will find hereto attached a list of the names of each property owner on that part of said street so improved.

4. Also so attached the number of front feet owned by the respective property owners on that part of said street so improved.

5. Also attached the amount of such cost for improvement due upon each lot or parcel of ground bordering on said street, I would further report that there is due from the city of Fort Wayne for the cost and expense of so much of said improvement of said street as is occupied by the crossings of streets and alleys the sum of $1,944.19, leaving a balance to be assessed against property owners as aforesaid of $8,-539.85.

O. B. WILEY,
City Civil Engineer.

Concurred in and the estimate referred to the committee on streets.

Resolved, That the city clerk give two weeks notice in the Fort Wayne Daily Journal and the Fort Wayne Daily Gazette that on the 18th day of July, 1890, at 7:30 o'clock p. m., at the council chambers of the city of Fort Wayne, that a special committee of said council, appointed for the purpose of giving a hearing on the reports of the city civil engineer, heretofore ordered, for the purpose of making final estimates of the total costs of the improvement of Jefferson street, from Calhoun street to Broadway, made and completed by the Talbot paving company, and at said time and place said special committee will hear all objections and complaints as to either or both of said reports and accord a hearing thereon.

J. L. GRUBER.

Adopted.

Be it resolved by the common council of the city of Fort Wayne, (two-thirds of all the members thereof concurring) that Erie street from Barmer street to Canal street be graded to a width of thirty-six (36) feet, and be it further

Resolved, (this council hereby declaring such improvement necessary) that the costs and expenses thereof, including services of inspector and advertising except so much as is occupied by the crossings of streets and alleys be assessed against, and collected from the owners of lots and land abutting on said improvements according to the provisions of chapter 118, of the acts of the general assembly of the state of Indiana, approved March 8, 1889, and all other laws supplemental thereto, and that said improvement shall be made under the supervision and to the satisfaction of the city civil engineer and the common council, and in accordance with the plans and specifications on file at the office of said engineer; and be it further

Resolved, That the city civil engineer set the proper stakes, and advertise for three weeks in the Fort Wayne Daily Journal that sealed proposals will be received by this council, at a meeting to be held on the — day of ——, 18—, for the execution of said work.

ROME CITY.

Gossip About Fort Wayne People at That Resort.

The Rome City correspondent of the Kendallville News has this gossip about well known Fort Wayne people:

Rev. Fuller has received a call from south of Fort Wayne and will move there at once.

Theodore Lane is at home visiting his family a few days, before returning to his work in Fort Wayne.

W. P. Denny, of Fort Wayne, formerly a Noble county boy, Sundayed over with his father and James Luke.

C. M. Comparet, of Fort Wayne, was here booming the candidacy of H. C. Berghoff, of Fort Wayne, for State treasurer. Noble county will be for Berghoff.

M. V. B. Spencer, Esq., a prominent lawyer of Fort Wayne, was in our city last Saturday on legal business. Mrs. J. Scott, of the same city accompanied him.

Frank Stone, a very nice young man of Fort Wayne, arrived last Saturday and is stopping at the Sylvan Lake house. On the morning after his arrival a young Miss sought him out, handing him a sweet scented tinted note requesting his presence across the lake. Frank readily acceded to the request and spent the day in company with a fine looking young lady. Girls, come, come; no such place on earth.

Will A. Glatte has sold his beautiful cottage, situated in Sylvan lake on an island, to John C. Peters, of Fort Wayne, including furniture and steamboat. Consideration for land alone, $1,000. The cottage is situated on one of the most desirable locations on Sylvan lake. It is entirely surrounded by water. Mr. P. is certainly lucky in getting control of this property, for no other such location can be found in northern Indiana.

A LATH FAMINE.

Builders Handicapped by a Scarcity of Material.

A lath famine is unusual, but the present scarcity of this material shows that contracting builders are at present delayed by such a cause. A contractor said last evening that he had houses that had not been touched for two weeks because there were no lath to be secured. Shipments are beginning to come in and in the course of a few days a sufficient supply will have arrived to permit a continuance of work where a stoppage from this cause was necessary.

In the case of the state vs. Adam Hirsch, the supreme court of Indiana has rendered the following decision: "Section 2,098, R. S., provides that it shall be unlawful to sell, barter or give away intoxicating liquor, to be drunk as a beverage * * "Upon the day of any election in the township, town or city where the same may be holden." Held, that under this statue it is a crime for a licensed vender to sell intoxicating liquor in a less quantity than a quart at a time on the day of a primary election held by a political party to nominate candidates to be voted for at a general election. Judge Elliott's dissent is based upon the omission of the word "primary." He holds that the courts cannot supply the word, and that in its absence the statute refers to ordinary elections, that is, elections held under the law, and for the choice of officers."

KING OF COCOAS—"ROYAL COCOA FACTORY."

Kings are but men, but all men are not kings. Therefore, when the *King of Holland* says, as he did by deed of August 12, 1889, that he is greatly pleased with

VAN HOUTEN'S COCOA,

"BEST & GOES FARTHEST,"

and, entirely unsolicited, grants the manufacturers the sole right of styling their works the Royal Cocoa Factory, a significance attaches to the act which would not were he not "every inch a king."

If a corset is perfect in other respects and has the usual metal eyelets, the laces will break at the most annoying times; for the eyelets cut them.

There is a better eyelet; made of loops of corset lace; soft eyelet we call it. It costs no more, is neater, more such as a woman would make for herself, besides the convenience of not wearing out or cutting the laces.

The Ball and Kabo corsets are eyeleted with it.

You can get these corsets and wear them two or three weeks; and, if you do not like them, return them. The makers pay the merchants to sell them so.

Habitual Costiveness causes derangement of the entire system, and begets diseases that are hazardous to life. Persons of costive habit are subject to Headache, Defective Memory, Gloomy Forebodings, Nervousness, Fevers, Drowsiness, Irritable Temper and other symptoms, which unfits the sufferer for business or agreeable associations. Regular habit of body alone can correct these evils, and nothing succeeds so well in achieving this condition as Tutt's Pills. By their use not only is the system renovated, but in consequence of the harmonious changes thus created, there pervades a feeling of satisfaction; the mental faculties perform their functions with vivacity, and there is an exhilaration of mind and body, and perfect heart's ease that bespeaks the full enjoyment of health.

He was working on a machine in the shop, when a piece of iron, fourteen inches long, was thrown from the machine and struck him on the forehead, cutting a very deep gash and also injuring his nose. He will be off duty several days.

The passenger conductors on the Pennsylvania lines west of Pittsburg are disgruntled over a new order which has been issued. In years past they have been required to give a personal bond for a certain amount for honesty, etc., but under the new order of things they are required to give a bond in the Guarantee company of North America, which involves an expense that in giving a personal bond they would not be troubled with. What is more irritating is the fact that in the directory of the guarantee company appear the names of T. D. Messler and others of the directors of the Pennsylvania company.

James Woodworth, of the Pittsburg boiler shop, had quite an exciting experience with a runaway horse last evening. A short time ago he received as a present, a Texas pony which had never been under harness and was noted for the number of times it could kick in a minute. He has been trying faithfully for several weeks to break this noted piece of horse flesh, but last night it got the best of him. He had just stopped at the barn to unhitch him, when the young pony got a spell and started, throwing him out of the buggy. He was not badly injured but badly scared. The pony got loose from the buggy and run down Calhoun street and was caught near the court house.

TO DENOUNCE WHEATON.

The Indianapolis News says: "Members of the Order of Railroad Conductors are secretive about the object of the special meeting of the order, called in this city for to-morrow afternoon at 2 o'clock. The supposition is that the meeting is called to consider, among other things, the split in the order which has created quite a sensation in the East. The split is over the strike question. C. S. Wheaton, who was retired as Grand Chief Conductor at the recent Rochester convention, and other members of the order who opposed the striking out of the clause prohibiting strikes, have seceded and started an opposition order in New York. Several divisions have left the parent organization and gone with Wheaton.

"Here in Indianapolis Wheaton is denounced as an ingrate. It is said of him that he received his bread and butter from the order for eighteen years—was paid an annual salary of $5,000—and that when he found he could no longer rule the order he concluded to ruin it.

"Meetings of divisions have been called for all over the country, it is supposed, for the purpose of denouncing Wheaton's attempt to wreck the order, and to take steps that will hasten the federation of all railway employes' organizations, so long desired.

"The meeting to-morrow may also consider the grievances of some of the Big Four conductors. The grievance committee will be here and some action of importance may be taken."

SUMMER EXCURSIONS

"No, sir—I don't want any of the imitations or substitutes, or any of the old worn out Mercury and Potash mixtures. Give me the genuine (S. S. S.) Swift's Specific. I know it is entirely vegetable, and that it cures by forcing the poison out of the system."

This old gentleman is on the right line. Do not be imposed on by dealers who, for the sake of a few cents more profit, would sell you some imitation or substitute, which may not only be worthless as a remedy, but absolutely dangerous to your health. There is only one Swift's Specific (S. S. S.) and there is nothing like it.

S. S. S. cured Him.

A few years ago I was troubled with a malignant breaking out all over my left leg below the knee. I tried everything I saw advertised for impure blood, and blood poison, but nothing gave me relief until (without any faith, I must admit,) I commenced taking Swift's Specific (S. S. S. Two and a half bottles effected a complete and permanent cure, for I have not had a symptom of a return of the disease since. WILL C. BEATY, Lancaster, S. C., Jan. 26, 1890.

Dead in the Lake.

MIDDLETON, N. H., June 25.—The body of the man found floating on Cromwell's Lake on Sunday was yesterday identified as that of William L. Evers, of New York, a well known writer on sporting topics, and who is said to have been at one time on the staff of the Turf, Field and Farm. He was fifty-five years of age. It is believed that he committed suicide while temporarily insane. He leaves a widow and several children.

The Hill Farm Horror.

DUNBAR, Pa., June 25.—The rescuing party passed the line of the Hill Farm mine early this morning. The men are now digging in soft coal and are making rapid progress. The distance yet to be tunneled is not definitely known. It may be 200 feet and it may be 800 feet. That developments are expected very soon, however, is apparent from the nature of the preparations in progress.

A Warden's Brutality.

LITTLE ROCK, Ark., June 25.—Thomas Kellar, warden of the state penitentiary, whipped James Fitzgerald, a convict at Gracie Camp in Jefferson county, so severely Monday that he died of his injuries. Kellar escaped. Four hundred dollars has been offered by the governor for Kellar's arrest.

Badly Wrecked.

WHITE RIVER JUNCTION, Vt., June 25.—Two loaded freight trains on the Passumpic division of the Boston and Maine railroad, collided two miles from here, near Olcott, early this morning. The engine and cars were badly wrecked and traffic was delayed several hours.

Nominated for Congress.

MANSFIELD, Ohio, June 25.—Michael D. Harter, (democrat) of this city, received the nomination for congress in the fifteenth Ohio district this morning on the 153rd ballot.

What Does it Mean?

"100 Doses One Dollar" means simply that Hood's Sarsaparilla is the most economical medicine to buy, because it gives more for the money than any other preparation. Each bottle contains 100 doses and will average to last a month, while other preparations taken according to directions, are gone in a week. Therefore, be sure to get Hood's Sarsaparilla, the best blood purifier.

Left for Europe.

ST. LOUIS, Mo., June 25.—Mrs. Rose W. Fanning, Miss Sallie A. Pritchett and Miss Madge Frederick, the three lady teachers who were chosen to go to Europe in the Post Dispatch contest which closed a couple of weeks ago, left the Union depot this morning.

For the cure of the inflammation and congestion called "a cold in the head" there is more potency in Ely's Cream Balm than in anything else it is possible to describe. This preparation has for years past been making a brilliant success as a remedy for cold in the head, catarrh and hay fever. Used in the initial stages of these complaints Cream Balm prevents any serious development of the symptoms, while almost numberless cases are on record of radical cures of chronic catarrh, after all other modes of treatment have failed.

Killed at Goshen.

GOSHEN, Ills., June 25.—Mrs. Henry Harvey, of Constantine, Mich., shot and killed her husband Monday night while he was asleep. The domestic life of the Harveys, who had been married six years, has been very unhappy.

When Baby was sick, we gave her Castoria,
When she was a Child, she cried for Castoria,
When she became Miss, she clung to Castoria,
When she had Children, she gave them Castoria,

Louisiana Lottery.

BATON ROUGE, La., June 25.—The caucus conference committee on the lottery question were unable to reach any agreement last night and will report the whole matter back to the caucuses.

THE MUTUAL LIFE INSURANCE COMPANY,

OF NEW YORK, SECURES IT.

Nearly $600,000 Paid by Members of one Family for Insurance in the Mutual.—The Most Stupendous Transaction Known in the History of Insurance.—"It has Never Been Done Before; It Never Will Be Done Again."

No. 799. New York, Dec. 24, 1889.

BANK OF NEW YORK.
National Bankers Association.

Pay to the order of L. C. HOPKINS, Genl Executive Agent

Five hundred and Seventy Eight Thousand, Three Hundred and Forty Five —— LARS.

$578,345 00/100 29 DEC 28 1889. CERTIFIED. Payable through New York Clearing House, N. B. A. E. C. POTTER & CO.

—E. C. POTTER & CO.—

The above check was received by the Mutual Life Ins. Co. of New York, for Insurance effected upon the lives of five members of the illustrious Havemeyer family of the City of New York. The Policies selected were the 10 year guarantee contracts of the Mutual Life's with the annuity feature added. Each policy was for the sum of $100,000 and the insured chose to make but one payment, thus commuting the cost. The insurance covered by the above mentioned premium payment of $578,345.00 was upon the lives of Mr. Theo. A. Havemeyer, the well known Merchant of this City, and Four members of his family. Mr. Theo. Havemeyer, is the Austrian Counsel General and a Gentleman of wide influence and of great business sagacity. Mr. E. C. Potter, whose signature is appended to the check, is the son-in-law of Mr. Havemeyer, and is one of the most prominent of bankers and brokers operating upon the stock exchange. There are two significant points for consideration in connection with this Insurance.

First, that the Messrs Havemeyer seeking a profitable and safe investment of a vast fund, selected Life Insurance as offering more advantages and greater security than any other form of investment. Second That they had such faith in the management and stability of the Mutual Life Insurance company of New York, that they willingly entrusted to its care nearly $600,000 in cash without any security whatever, and only the PROMISE of the company to pay.

The particulars of the life insurance contracted for by the family of Mr. Theo. A. Havemeyer, with the MUTUAL LIFE INSURANCE COMPANY, by which that institution received a single premium payment of $578,345.00, will excite wonderment and surprise in the world of underwriting, and set the general public to thinking of the possibilities of life insurance as an investment.

The idea of a party with six hundred thousand dollars of spare cash on hand, putting it all into life insurance.

Why didn't they build houses or purchase stocks, or do a dozen other things with it? Life insurance for an investment! That's all very well, some people think, if you must do it. But here are five members of one family engaged in merchantile pursuits, fully alive to the value of every financial scheme of importance in this or any other country, who after examining every tempting investment, came to the conclusion that the safest, most profitable and altogether desirable one, is that offered by the MUTUAL LIFE.

Then think of the fact that all this money, far exceeding half a million dollars, is placed in the hands of the company without other security than its promise to pay. If that is'nt an evidence of confidence, what could be?

IT'S THE LARGEST, STRONGEST AND BEST LIFE INSURANCE COMPANY IN THE WORLD. Its assets are thirty millions greater than those of any other American Life Insurance company. Over eighty millions greater than those of any life office in Great Britain, and sixty millions greater than the entire funds of the bank of England, which is the largest banking institution in the world.

The Mutual Life Issues Every Desirable Form of Policy.

Suburban gardeners say they will be on the market next week with new potatoes for sale. The season for green peas is about over. On account of the high temperature that has prevailed throughout June, watermelons are two weeks nearer maturity than they are usually at this time of the year. This is great weather for corn, but it was so badly drowned out in the early part of the season that it will be only a two-thirds crop.

A hot day fable: "Four hundred people drank out of my leaking tin cup to-day up to noon," said the city pump on market square. "Oh, that's a small business," said the sulphur-water pump of Allen county. "I run four rusty dippers and two clean ones, and fourteen hundred people imbibed of my waters before 11 a. m. Besides, four dogs cooled themselves by lying on the wet fountain floor. My waters are a laxative medicine and I'm the most public and popular well in this part of Indiana." Moral: Water is the only liquid that quenches thirst.

Concerning Mr. George W. Ewing and his intended bride, the Cincinnati Commercial-Gazette has this to say: "Engagement number two is that of Miss Bettie Sherley and Mr. George Ewing, of Fort Wayne, Ind. Miss Sherley is a Louisville girl by birth, but a Cincinnatian by adoption, having spent much of the time since her debut here under the chaperonage of Mrs. T. W. Zimmerman, a near relative. She is a beauty of the dazzling southern type, and has been a belle par excellence since she left off pinafores. One of those girls who reign by divine right, she has had a very large number of captives tied to the wheels of her chariot. Mr. Ewing, (a cousin, by the way, of Mrs. Will Webb, nee Thurston)—is the only son of his mother, and inherited a large estate from his father, who died when he was a mere boy. All the world loves a lover, and Mr. Ewing's wooing has been such an earnest and well-conducted siege that everybody wishes him joy of his pretty captive."

TIRED OF LIFE.

Ed Hedges, a Laborer, Makes Unsuccessful Attempts at Suicide.

Mr. Ed Hedges, a laborer on the new paving work, resides at 40 Chicago street. He has been on the rough edge of misfortune lately and last night tried to end his life by putting his head on the railroad track. He was frustrated but at a later hour he was trying to throw himself in front of a moving train. He was taken home by friends, and Officer George Lee was notified to watch the house and prevent the man's escape for fear he might carry out his designs. Hedges has had a hard time to struggle against the diversities of life, which weighs heavily on his mind. Last Sunday he accompanied the Q. & O. excursion to Maxinkuckee where it is said he spent the earnings that should have gone to his family. Since then he has been laboring under temporary hallucinations.

The Second Presbyterian Church will go to Rome City Tuesday, July 1. A good time assured. Everybody go.

ORATORICAL CONTEST.

The Pierson Prize at the Fort Wayne College Won by Mr. S. A. Shoemaker.

The oratorical contest, for the purpose of determining who should be awarded the Pierson prize of $25 in gold, took place last evening in the hall of the Fort Wayne M. E. college. There was quite a large audience present and the exercises were of an interesting character. There were to have been four contestants, but Mr. George Weeks, one of them, was prevented from participating by reason of sickness. Dr. Stemen, the president of the college, presided and introduced the speakers.

Mr. Ernest Bierman was the first speaker. His subject was, "Christianity a Factor in Civilization." It was well prepared and delivered by the young gentleman in a forcible and interesting manner.

"Science and Religious Thought" was the theme chosen by the next contestant, Mr. Louis N. Anderson. The oration was an excellent one as far as thought and preparation was concerned, but the speaker labored under the difficulty of not having committed it to memory and this made the delivery of it very hard to him.

The third and last speaker was Mr. Samuel A. Shoemaker. He spoke on the subject, "Are We Free" and he had hardly launched upon his theme before he had caught the favor of the audience and when he closed, "He will get the prize," was whispered by many in the ear of his neighbor, and such proved to be the case. Mr. Shoemaker is a pleasant, easy speaker and his theme, dealing with the great evils of the day, was a popular one and won him the plaudits of the audience.

The judges were the Rev. Mr. Wagenhals, the Rev. Dr. George, of New York, and the Rev. C. L. Clippinger, of Glasgow, Ind. In ten minutes the judges found that Mr. Shoemaker was the champion orator and to him, Rev. A. E. Mahin, in an appropriate speech, awarded the prize, which is an annual gift to the best orator in the college by Dr. Pierson, of Philadelphia.

During the exercises last evening, Prof. W. F. Heath rendered two beautiful selections on the piano.

THREE IN A ROW.

Elkhart Beaten Three Straight Games—Ball Notes.

The Fort Wayne base ball club returns to Fort Wayne with a great record, having won seven of the nine games played. The last game of the trip was the postponed one at Elkhart yesterday afternoon. Elkhart lost it by a score of 4 to 1. Bruton and Ferris were the Fort Wayne battery. Only five hits were made off Bruton. The score was as follows:

	R.	H.	E.

DAVID B. WAID.

Death of an Esteemed Citizen of Zanesville.

At Zanesville, in this county, occured the death of David B. Waid, aged 60 years and seven days. He was born in Augusta county, Virginia, June 14, 1830. With his parents he moved to Wells county, Ind., in 1834. On March 10, 1853, he was married to Phillia A. Peck, by whom he had seven children, three of which survive him. The daughter, Mrs. Sappington is the wife of a prosperous farmer living a few miles from Zanesville and one son, also a farmer, lives on his fathers farm; while his other son, J. M. Waid, is a merchant of Zanesville. Mr. Waid was a man of more than ordinary force of character. By strict attention to business, and by economy he had amassed quite a fortune. A good, kind neighbor and friend, he had the respect of all, as was attested by the large attendance at the funeral. He was a member of the M. E. church, and one of the order of F. A. M. At the time of his death he was postmaster at that place. He is enshrined in the hearts of his acquaintances as a good man, and his loss is regretted by all. The funeral sermon was preached by Rev. Bridge, of Ossian. Revs. Wood, of Zanesville, and White, of Sheldon, assisting in the services.

The general officers of the passenger department of the Pennsylvania lines west of Pittsburg have been notified that they must cut down the expenses of this department. In years past all other departments, when an economical spell came over the management, have been asked to cut down expenses, but the passenger department has been given no trouble on this score; consequently, it is hard to tell where to apply the pruning knife.

The Roadmasters' Association of America will hold its next annual meeting in Detroit September 9. The association has increased in membership the last year rapidly, now having 2,500 members.

A Nerry Doctor.

A celebrated Russian physician, Doctor Botkin, who has just died in the south of France, proved the uncertain state of him who hangs on princes' favor. During a dangerous illness of the present Czar the doctorr emained at his bedside day and night. On the patient's recovery he asked the physician to choose his own reward.

"Your majesty, I want nothing for myself," said Botkin, "but I beseech you to have mercy on poor Tchernichevsky"—the socialist who had been banished to Siberia.

The Czar turned away without a word; but, although the next day the daring physician received a large sum of money and the order of St. Vladimir, the royal friendship was withdrawn and the exile remained where he was.

Journalism in Hungary.

Journalistic criticism is a dangerous calling in Hungary. An article which appeared recently in a journal at Klausenburg gave so much offence that it led to no fewer than thirteen duels. The editor of the paper fought four duels, in one of which he killed his opponent; the author of the obnoxious article passed safely through three encounters and the sub-editor took the lion's share with six combats.

AT a recent trial in Farmington, Mo., a quick-witted reply was given by a witness at the close of a tedious cross-questioning. "Now tell how many sheep you ever saw—under oath, now, remember." "I never saw a sheep under oath," replied the witness, which closed the cross-examination.

OUR CIRCULATION.

STATE OF INDIANA, ALLEN COUNTY, ss:

Personally appeared before me, clerk of the Allen circuit court, Jos. F. Ervin, business manager of THE FORT WAYNE SENTINEL, who makes oath that the actual number of copies of THE DAILY SENTINEL delivered to subscribers and sold to newsboys and news agents for the week ending June 21, 1890, was as follows:

JUNE will bid us farewell next Monday.

THE college commencements are about over.

THE Kansas City prohibitory law is said to be void.

THERE were five deaths from sun stroke at Chicago yesterday.

THE Trades and Labor assembly will give us an old fashioned Fourth of July.

THE census enumeration will give the city of Lafayette, Ind., only 16,000 population.

JUSTICE HARLAN addressed the students of the Michigan university on "States' Rights," yesterday.

ABOUT half of Terre Haute's saloonists are fighting the $250 license fee. They claim it is unconstitutional.

"KEEP cool" is good advice, but it is an awful hard thing to do when the thermometer is up in the nineties.

INDIANAPOLIS is making great preparations for the unveiling of the Hendrick's monument in that city next Tuesday.

THE verdict in the Davidson murder case is quite a feather in the caps of Prosecutor J. M. Robinson and his assistant, J. F. Rodabaugh.

THE Wabash college authorities refuse to let a copy of the Crawfordsville Sunday Star be placed in the cornerstone of the library building because it was a Sunday paper.

FORT WAYNE is still in the ring and captures a big gathering occasionally. It has secured the next national convention of the Knights of St. John, which meets here June 24, 1891.

BISHOP SPALDING in his address at the commencement exercises of the St. Mary's academy at Notre Dame said that marriage should not be the chief aim of a woman's life. Don't know about that, Bishop. Some of the girls will differ with you.

THE Columbia City Post draws nice pencil pictures of the four Fort Wayne attorneys, Judge S. M. Hench, Hon. C. M. Dawson, Prosecutor J. M. Robinson and Mr. J. F. Rodabaugh, engaged in the trial of the Davidson murder case at that place, and compliments each of them in a handsome way.

TWO OF OUR CANDIDATES.

It is a pleasure to THE SENTINEL to copy the compliments paid to two of the candidates on our democratic county ticket by the Columbia City Post in its last issue. It says:

Hon. S. M. Hench, who is assisting in defending Davidson, is one of the democratic candidates of Allen county for representative, and of course will be a member of the next legislature. Judge Hench is a man of decided ability and his influence in the next legislature will be very marked. He has not been very well during the trial just closed, but managed to worry the prosecution to a considerable extent by the manner in which he handled the witnesses on cross-examination.

Hon. C. M. Dawson, the leading lawyer in the Davidson trial for the defense, is the democratic candidate of Allen county for superior court judge, and the democrats of Allen county certainly made no mistake in nominating him. In addition to being a thorough lawyer, he is an agreeable and pleasant gentleman, social in his bearing and entertaining in conversation. As superior judge he will deal with the public kindly and impartially. During the past week Judge Dawson has won many admirers in Columbia City who never knew him before.

She reckons well

who does her housecleaning and washing (or has her servants do this work) with PYLE'S PEARLINE.

Why? Because Pearline makes the largest saving all around; saves half the time; half the labor—more than half the wear. Do you know you don't have to rub the clothes when washed with Pearline? This saves the woman and makes the clothes last longer (besides, they look better). What can be harder on woman's health than bobbing up and down over a washboard? What can be harder on the clothes—anything harder don't exist. Millions of women know these facts well; it takes many millions of packages of PEARLINE to supply their demands for it. You have only to prove these facts and you'll demand it. The best way is—try it. Costs little and every grocer has it.

Beware Peddlers and some unscrupulous grocers are offering imitations which they claim to be Pearline, or "the same as Pearline." IT'S FALSE—they are not. 171 JAMES PYLE, New York.

Ladies Have Tried It.

A number of my lady customers have tried "Mother's Friend," and would not be without it for many times its cost. They recommend it to all who are to become mothers. R. A. Payne, Druggist, Greenville, Ala. Write Bradfield Reg. Co., Atlanta, Ga., for particulars. By all druggists.
